Alma Mater

In the bustling city's bosom,
Like a gem most rare,
Shines the noblest of our treasures,
Shines our High School fair.

Chorus

Hail, all hail, dear East Side High School,
Green thy memory be;
By the bond of happy hours
Are we bound to thee.

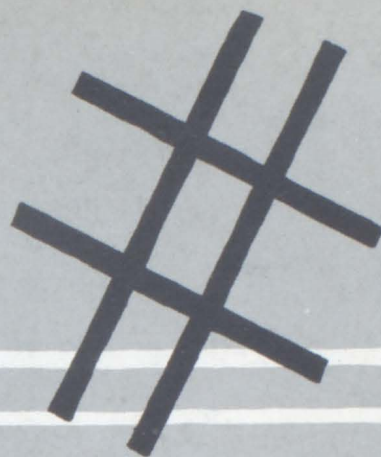

In the field, the hall, the city,
Loyal to thy name,
Be it ever our endeavor
Far to spread thy fame.

Down the vista may we see thee
Of advancing age,
Never dimmed though farther distant,
Youth's bright heritage.

Then unite in loyal praises,
Ere the glad days run,
In the world are many high schools,
In our hearts but ONE.

The time for parting leaves us with mingled feelings. Since music is a universal language, we set the theme of our year book in this message.

The *Best Years Of Our Lives* were spent at East Side High School. It seems *Only Yesterday* that we reported *Ready, Willing and Able* with the *Realization* that *Teachers* would *Somehow Help* us to further our educational goals. *It's Been Nice*, but *Now All at Once* we are *Drifting Apart*. *Truly, Fame and Fortune* are our *Destiny*.

We must give a *Salute To All Of You*, faculty and parents, for your *Help* as we *Go*. Please accept our heartfelt *Thanks* for *All* you have done as we *Tenderly* say *Adieu* and *Bless You*.

Silly Dreamer

Hi You All:

Nothing debonarious so far in the leisure department, but in a few weeks I'll be living it up in Florida for the second time.

You should see the crazy swimming pool they had at the place where we stayed last year. Convenient too, right in the back yard. I can just picture myself waking up in the morning with the cool breeze blowing through my window, beckoning me to take my morning dip.

Well, me and my Florida tan will be seeing you.

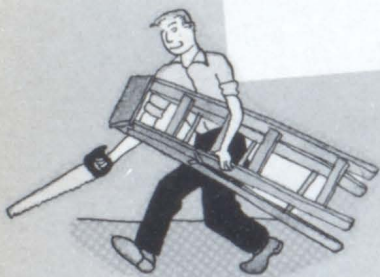

Joan Adams

Hi Al,

Having a lot of fun during this summer vacation, although I spent a lot of time working down in Toms River. A friend of mine is building a home there and since I haven't any job, I've been going there to help him. It was not all work though, because at night we go to Seaside and have a good time playing the stands and going out with the girls. Going back to Toms River from Seaside at night on the back roads, we can hardly see for it is so dark. Several times deer ran in front of the car, just missing the fenders. Well, I guess I've written enough for now, so I will be seeing you back at dear old East Side.

Your classmate,
Gene Anderson

Hi Tony,

I went up to the mountains near Hackettstown, Spent the time camping and browsing around. There was a lake about two miles away, Where I went swimming 'most every day.

I also went boating and enjoyed myself fine, Here's hoping your vacation was enjoyable, as mine.

Victor Augustine

Dear Classmate:

Boy, this summer is sure going fast. I'm working and trying to have a vacation at the same time and the days just seem to fly by. On Fourth of July our family was smart; we stayed home and had a picnic in the back yard with the other family in the house. We had a wonderful time roasting hot dogs and pitching horse shoes.

I went on a boat ride to Rockaway and to Rye Beach. The day we went to Rye Beach was pretty cold so we didn't go swimming, but we made up for it at Rockaway. Boy, there is nothing like the ocean and its waves.

On week ends we usually go swimming at Valley Spring and Forest Hill Lakes. The lakes are nice for swimming and picnicking and the life guards are cute, too.

My friends and I usually save our Thursday nights for Riverbank Park dances. We meet a great many classmates there.

Although the summer is half gone, I still have plans to go to Long Island for a week end, a fishing trip with my father, and another week end at Seaside Heights.

I hope you are having an enjoyable vacation, as I am.

Your classmate,
Gerry Barlow

Hi! Everybody,

I just came home from my vacation two days ago, and I'd like to tell you a little about it.

I left home on the 16th of July. The place I went to was a co-ed camp in Alburtis, Penn. about 25 miles away from Allentown. It took approximately five hours to get there by car. Very few young people were there when we arrived, because we were a day early. We, (meaning my girl friend and I) went to the office and were assigned to our cabins. I got the same cabin as I had last year. I was lucky. As for my girl friend, she got the one with all the mice in it. The next day, Monday, everyone came. At night we played get-acquainted games so that everyone could meet and talk with everyone else. One evening we had a scavenger hunt and I'll never forget it, because that was the night one of my girl friends got a frog from the lake and put it in my bed. Boy! when I discovered it I screamed and practically flew across the room. I also got stung by a yellow jacket when one of the girls, being tired, accidentally sat on a bee hive while on a hike to the general store. Anna, our nurse, quickly administered calomine lotion to the sting.

But all-in-all, I had a very wonderful time.

"Camp Mensch Mill" is a very nice place to go to if you want to meet other young people, learn things, and have a nice time.

As always,
Rosalie Benovich

Dear Natalie:

How are you spending your summer? I hope you're enjoying yourself as much as I am. Although I work five days a week, I'm having a wonderful time on my days off.

Swimming, picnicking, and having lots of fun is on my menu all the time. Just to be sitting on the beach with my boy friend beside me and seeing everyone happy and gay, gives me a thrill. By the way, I saw some of our classmates and they all seem to be having a nice summer.

Well, I guess I'll say 'bye for now, and I'll be seeing you in school, (although I hate the thought of going back!)

Mary Bartiromo

Hi;

Well kids, tomorrow I'm off to have the best time of my life. Don't know how long we'll be staying, but anything will do to get away from this long-lost city.

One thing that happened to me was that I enjoyed spending a day with the girls from work. We really had a time. Leave it to us girls to dig up something crazy to do.

Well, when the loafing is over I'll see you.

Barbara Blake

Dear Classmates:

This summer has been very exciting for me so far.

During 4th of July week I was at Seaside Heights and enjoyed myself very much. Now I am going to summer school and then to work. On week ends I go down to the shore or to some lake. This week end I intend to take a trip to Atlantic City for the first time in my life. I'm looking forward to it.

Here's hoping you've enjoyed your vacation so far and that it continues through the rest of the summer.

Jennie Bongiovanni

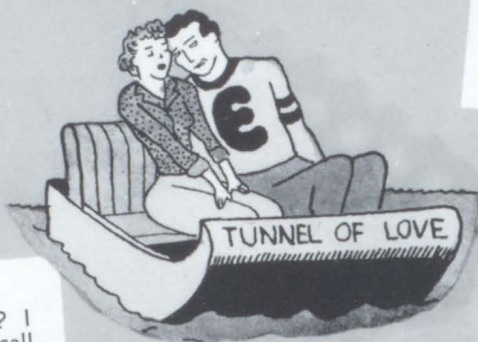

Hi Friends:

The summer sure got off to a slow drag. I didn't go anywhere until the 4th of July. Some friends and I went to High Point, New Jersey that day. It was too cold to go swimming on the 4th, but we rode around the park and went to the Obelisk Tower erected on the highest spot in New Jersey.

On June 26 I took the day off from work, and with a youth organization went to Rye Beach Amusement Park. We all had a good time and I hope to have some more before the summer is over.

I hope all of my classmates have a good summer too.

Your classmate,
Ben Bryla

Hi Catherine:

How was your summer vacation? I had a fairly good vacation, if you call working fun. I did go out on week ends though. I went to the shore one week end with some friends of the family. I also went on a few bus rides to Seaside Heights and to Asbury Park. My boy friend and I went swimming a few times and he took me on the bus rides to Seaside Heights and on a boat ride to Rye Beach.

He went into service before the summer was over and that's when my vacation ended. That's about all I can think of, so I'd better close.

Your friend,
Natalie Brown

HI:

I bet you I had the best time of everyone this summer because my boy friend was home on leave for a whole fifteen days and we had more fun together even though we didn't go on a vacation. Who cares where you go when your one and only is near you! The trouble is that it will all end too quickly and he'll be off again.

Mervine Caffie

Hi Classmates,

So far, this summer, I've had a wonderful time. I went to Seaside a couple of times, and to Asbury, Olympic, and White Rock Lake.

Right now I'm in summer school and it's kind of hot, but when I get out of school, I intend to go away for a week or two.

This will probably be the last summer to be free, so I may as well enjoy it. I hope everyone will have as much fun as I do.

Your classmate,
Marianne Bruno

Hi there,

I just returned from a three-day stay at the Bellevue-Stratford Hotel in Philly, Pennsylvania. I met boys from high schools all over the U. S. and Canada. I enjoyed listening to the drawl of the southern boys. By the way, every baseball fan in Philly hates the Yankees, I wonder why?

Your Classmate,
Tom Calello

P. S. I can't find a job. I hope the rest of you have luck.

Hello Everyone!
I had one good hot week at Long
Branch with the water and the girls.
Carlo Canestri

Hi:

You guys are real gay blades. The only reason you're so dead set against matrimony is because it rhymes with alimony. Corny, huh? Well, I've been in the sun too long. I still look like a ghost though.

I'm supposed to write about the good time I'm having. Right? Well, I'll be different. The plaster is falling, the dust is all over, and I have to clean it. As you've probably guessed, we're remodeling. The saying is that when you die you have to have about a bushel of dirt in you. I'll be the first who will have a ton.

All this doesn't bother me. I remedy the situation with a cruise in my Catalina. Mine? What a joke, my Dad's. I can boast that I'm the girl who had made two perfectly normal, calm people, a total wreck, my father and Carmen. They said I'd never make a driver, but next week I go for my license. If I'm not dead by then, the way I drive. I hope to see you again.

P. S. How come they made the roads so narrow?

Bette Cappuzzo

Dear Robert:

This summer I spent a week of my vacation visiting some relatives in the mountains of New York State. There I visited the famous "Baseball Hall of Fame" in Cooperstown, where I learned a lot about the famous American baseball players. In Cooperstown, I visited the Farmers' Museum where I saw all the old farm equipment and all the things people back in the old days used during their daily lives.

In the afternoons, my cousins and I would go swimming, boating, or fishing; or, sometimes we went to the stock car races.

In the evenings, we would go to an old-fashioned square dance or go on a hay ride.

All in all, I had a wonderful time on my vacation and I hope you did too! See you back in school.

Your friend,
Jerry Carovillano

Dear Classmate:

I spent my vacation in Quebec this year, Where the weather is cool during the hot spell here.

I plan to work and enjoy myself more, I may spend my week ends down at the shore.

Vacation's 'most over, and I still wish it were June, That is all the news, and I'll see you soon.

Cordially yours,
Marie Carr

Dear Classmates,

So far this summer I've had a pretty good time. I went swimming at a couple of lakes and I took a lot of pictures. I also went to Olympic Park where I met a lot of new friends and we had a swell time together.

I have a job in Kresge's 5 & 10 and I work a few days a week. The days I'm not working I go swimming, or stay home to help my mother with the house cleaning.

I hope you are all enjoying your summer vacation because we'll all be out of school next summer working. I hope. Then we won't have much time to enjoy ourselves. So have fun now.

Your classmate,
Rose Cariello

Hi:

Gosh! You should see what that big flaming inferno did to me. You thought I had freckles before. Well!!! You ain't seen nothing. I'm dark though. I don't know if it is the tan or the freckles. Oh! To have money like some friends of mine whom I saw off to Bermuda. It killed me to say "bon voyage" as they sailed. Well, I guess I'll have to be satisfied with the good old shore.

Adele Cieslinski

Hi kids:

Well I've finally become a tiny spoke in the big ever-spinning wheel of business. Since the end of the school year I've been in the employ of a lawyer. It's great fun and you meet so many wonderful people.

On week ends, however, I relax or go on day trips. What I am really looking forward to now, is the last week in August and the first week in September, which for me, is vacation time. During that time I expect to cram in a whole summer vacation.

Hoping you all are having a wonderful summer, whether you are working or just relaxing and having fun. This, being our last summer, I am sure we are all taking advantage of it.

See you in September.

"Vi" Cioffi

Dear Nick:

I hope you had a wonderful summer vacation, because I had a very nice summer. I saw quite a few good pictures during my vacation. I was at the shore for two weeks and had fun swimming and fishing. My uncle and I went to Olympic Park a few times. The rest of the summer I spent watching the Yankees and Giants on television and working in my uncle's store.

Well, Nick, that's about all there is to it, so I'll close and wish you luck in our last year.

Robert D'Angelo

Hi Sadie:

I am really having the time of my life here at Asbury Park. I'll probably be down here for the whole summer. The weather has been beautiful, so I go swimming practically every day. Nights are the most wonderful part of all since that's when Donny, my steady, comes. He usually takes me to all the night spots both at the park and suburban towns. He's what it takes to make my vacation complete.

Besides Donny the other thing that thrills me most is learning to drive a car. It seems that time is going so fast, but I don't care because I am waiting anxiously for the fall when we will see each other and continue our fun as Seniors.

Theresa De George

Hi There!

Vacation, vacation, if you only lasted 365 days a year. The time to let loose and enjoy life without worrying about tests and homework. So that's just what I did, I really let down my Italian Boy at Wildwood. They say it's a second Florida, but I haven't been to Florida so I really wouldn't know. I must tell you girls you can make out like a demon there. The guys I met were from Pennsylvania, not squares though. I had fun.

I've been keeping company with the mailman since then. I've been writing to one of those guys from Penn. Well what's a summer without a summer romance. But why did I have to pick one so far away. Ooops! got to run, that's the mailman. He best have a letter for me.

Ruth Clark

Hi Anna:

During my summer vacation I spent most of my time at the shore with my girl friend and over the week ends with my boy friend. I never had a more wonderful summer then I did this year. For six weeks I went to summer school, but I will never regret that, because it was worth going to pass.

I hope all my summers will be like that even after I graduate.

Yours truly,
Arlene Del Corso

Hi Seniors,

I am really enjoying myself very much this summer. So far, I think it's the best I've ever had. Sunday, the 4th, I went down to Asbury with the girls and had a wonderful time. I'll probably spend a few weekends down there this summer. I am looking forward to seeing all my classmates in the fall when we all become Seniors.

Your classmate,
Mary Costello

Hi Bob

When I got Vic's letter, I was in bed. But so far all I did was play some ball. I'm looking forward to the two weeks at Camp Drum with the National Guards. I also plan to visit Canada. Hope you're having a good time.

Anthony Delli Santi

Hi Everybody:

I'm having a wonderful time this summer at Atlantic City. I went to the Steel Pier there and saw Ralph Flanagan, Julius LaRosa, and Hal McIntyre. Most of the time I went swimming. I only hope everyone else has had as good a time as I had.

Your classmate,
Doris Delsandro

Dear Classmates:

At first I didn't go anywhere, but sweat and work in the sun. Afterwards, though, went to Bradley Beach and there I had lots of fun.

Tang Eng

Hi there:

Well I haven't had an unusually exciting summer, to date. I just spend my time doing things such as looking for a job, (without any success), taking care of my brother, and going swimming.

This year our family didn't go on a vacation, I mean that we didn't rent a bungalow for a few weeks, but we did go on day trips. Each time we made a trip, we picked a different spot, to compare the activities and conveniences of each. One place especially interested me. It was a place called "White Rock Lake". It didn't interest me because there were plenty of good looking girls, no, not much! There they had swimming, picnic grounds, and a luncheonette in which you can dance. I've also seen some good shows in New York such as "Kismet", which was excellent.

My kid brother is going to summer school. He tells me he misses his regular school, and to keep him satisfied I tell him I miss my school too. But don't get me wrong, I like school as much as the next guy, but I don't miss it. If you ask me, I think our vacation time is too short.

Well, I'll see you in the fall. I'm sure you all miss school very much (chuckle).

Yours truly,
Tony English

Hi, Classmates:

Well, like the rest, nothing new or special has happened to me. Maybe if I wasn't working I would have more time to myself but I guess we all can't have everything.

The only thing I do enjoy is my week ends when I go down to Brielle and stay with my boy friend and his family. They have a forty-two foot fishing boat. It's great fun. I guess I will have to learn to fish if I expect to be a fisherman's wife.

Well it looks like this September there are going to be a lot of the girls from East Side who will be driving to school. I too, like Bette, will try to get my license.

So 'til I see you all in September, remember to keep cool and stay with it. It's only another year. Take over Dee.

Margie De Sante

Dear Classmates:

I am enjoying myself this summer by going to summer school. This past week-end my boy friend and I went to my aunt's cottage at Long Branch. We went swimming in Seaside Heights. I had a wonderful time playing golf, though it seemed I was playing baseball. I am looking forward to July 31, which will mark three years that I have been going steady. Well I guess that's all I can say.

Yours truly,
Rosalind Duca

Dear Classmates:

Everyone in this chain letter seems to be enjoying her vacation, so I'll have to be somewhat different, I'm not. This summer I am a full time baby-sitter to my sister's children. But there are the weekends. That's when I get in most of my swimming with the gang. Olympic Park is a Sunday must, and you will be surprised by the many friends you can meet there.

It looks like Dolores will receive this chain letter next, so I'll bring it downstairs to her, since we live in the same house.

Your friend,
Barbara Eustachewicz

Hi Kids:

Money, money, all around me, grab five here ten there, if it were only mine. I work in a bank now. Green stuff! everywhere you look. Wouldn't it be a shame if I suddenly became allergic to it? Oh! Let me tell you of some of the crazy people in this world. Do you know how many times a day I hear this? Have any samples? I want to scream, but all I do is smile politely and nod my head no.

I had my first driving lesson a few days ago, and, according to the person teaching me, it is my last. You see, it's a new car, he is afraid that if I drive it a little longer it's not going to be new very long. And I thought I was doing good, too.

The unappreciated driver,
Rose Falduti

Dear Classmate:

I have been spending most of my summer at Olympic Park, swimming almost every Saturday and Sunday. Nothing interesting has happened to me since school closed. I am learning to drive and hope that by the time school begins, I will have my license. So in case I do, beware of me coming down the street.

Your classmate,
Dolores Ficzk

Hi There,

I just returned from a one-week vacation in Connecticut. I met my friends down there. One day I was listening to the Red Sox-Yankee game, and the Yankees hit the ball all over the park and beat the Red Sox by a tremendous score. A Boston fan said, "Why does the man say," Ask the man for Ballantine?"

Your classmate,
Robert Farah

Hi!

I've taken more ribbing since I came back from Long Branch. So I'm dark, can I help it if my skin is so tender, it tans quickly? It's better than some of you girls who try all summer long to get a tan like I got in two days. I'm trying to learn to swim, but I still haven't, not even with a tube. Well, we all can't have brains plus beauty. If I don't drown, I'll be seeing you.

Dolores Fernicola

Hi Anthony:

I had a wonderful time at the seashore in the cool, calm water—almost drowned. I ate lots of healthy, tasty sea food—almost starved. I got a beautiful suntan—almost burned.

Well, all in all, it was a normal summer vacation—almost survived.

Your friend,
Fred Fiducia

Hi Ray.

This summer has been a good one, so far, for me; I spent half of it down at the shore, you see!

It really is nice to swim all day, And walk at night for a little way. I had a very good time, and hope you did too, So, 'til next fall, when I'll be seeing you.

Nick Fernicola

Hi Everyone:

I hope each and everyone of you is having a wonderful summer. I have just returned from a hot and sticky day at summer school. I was glad when I received this chain letter. I only hope it gets back in time.

Your classmate,
Gloria Fields

Hi Gang:

I'm having a wonderful time without thinking about homework. I have just come from South Jersey where I spent my vacation. Well, I guess I will see you all in September.

Your Classmate,
Charlotte Flemings

Hi:

Who thought little old New Jersey could be so big. What I mean by that is that my boyfriend and I have covered every swimming hole on the New Jersey coast while he was on vacation. He even took me to see the Statue of Liberty. It was the first time since I'd seen it, except for pictures. He's such a doll.

All I did those whole two weeks was to get up with the sun, pack my bag, and I was off for the day. My mother wanted to shoot me. I don't know how I'll ever catch up with my ironing. I'm telling you I'm living it up.

Margie Frances

Hi:

Summertime and the living is easy. Oh! if it were like this indefinitely. What I'd like to know is how come the days in school drag and drag, then the summer just whizzes by. My boy friend, Bob, and I, have been making the most of it by going to the beach. We're a pair of loons. We have so much fun just the two of us. That's love for you.

The future Mrs. Bob Russo to you—
Judy Fluta

Dear Classmates:

Sweating can be fun if you do it in the right places, and summer school is not the right place.

I have an English teacher who is a "bug" for poetry, and a real George Washington for history and this all amounts to "sweat"!!!

Paul Gaglioti

Hi:

I am having a wonderful time this summer. I was up in a little hick town at my Aunt's house and my cousin and I were really enjoying ourselves. If all goes well, I will be flying to Buffalo, N. Y. and then to Canada by American Airlines.

In a week or two I will be going to Pa.

I am still working at the Airport and I am enjoying every minute of it. This is about the best summer I ever had.

See you all in the fall.
Your classmate,
Mary Foertsch

Hi, gang:

I had a good time by going swimming, and crabbing, and going on picnics with my friends.

So long,
Ralph Giachetti

Dear Classmate:

I am having a wonderful vacation. I have just come back from Lavallette, New Jersey, where I got a lovely tan. It seems as if the vacation just started, and just think, in a few weeks school will begin again. Well, I guess that means coming back to homework and tests. I'll see you all soon.

Your Classmate,
Maria Fraga

Hi Everyone,

Realizing that this is my last summer before leaving school, I am trying to make the most of it. At the present time, I am on a two-week vacation from my job in the Prudential, and I am looking forward to having a good time at the shore fishing and swimming, which I enjoy immensely. Anxious to see you all in the fall.

Your Classmate,
Carol Gass

Dear Roberta:
Well, it sure feels good to be home with lots of time to myself. No worries about homework. It feels wonderful to be able to go swimming and do other enjoyable things. This summer I hope to have a successful vacation. I hope all my classmates are enjoying their summer vacation as well as I am. See you all in the fall.

Yours truly,
Regina Gately,

Hi Chums,

I am attending summer school at Central and working. I don't have much time to have fun, except at summer school and after work. My fun is when I'm with Fil.

Your classmate,
Dominic Giordono

Dear John:

Well, I had a pretty busy summer. I had a job which kept me pretty busy, and I had very little time for vacationing. I took two weeks off from work and went to the mountains, where I had a very enjoyable time.

I hope you all had a nice summer too.

Sincerely yours,
Ray Gauthier

Hi Everyone:

I've been having a wonderful time and I'm sorry it is going to end. I've been going swimming every week end, and on Saturday nights I go to the stock car races.

I went on the Prudential excursion and took along my cousin from Connecticut. I've worked every day this summer. I hope to see all in September, to start our Senior year.

Your classmate,
Joan Girnius

Hello Everyone:

My summer has been different from the others. I am spending most of my time just resting and taking it easy. I have fun whenever it is possible. I've gone on some day trips with my uncle and family. The most interesting thing I like doing this summer is writing letters to my boy friend. This summer, I think, I'll keep the postman busy.

Your classmate,
Sophie Gienda

Hi Ted!

I just got back from a week's vacation at Seaside Heights. The swimming was great. I also did some boating. I expect to take some day trips to the lakes and other shores. In August I'm going back to Seaside for another week. Hope you are enjoying yourself.

Bob Glenfield

Dear Anna:

What a summer! I had two wonderful weeks of bliss which I spent in West Virginia. All I did was eat, sleep, go swimming, and dancing. That is what I like about the South.

Coming back to the city is boring to me. I just lead a nice quiet monotonous life. How I wish I was back with my "kin folk" again.

I guess at this time we all start to look forward to going back to school, even the most ardent hooky player. It will be good to see all the "guys and gals" again. I'll be seeing you in September when we will return for our "Senior Year".

Classmately yours,
Pilar Gonzalez

Hi you all?

I'm having a pretty good summer so far. Everything has been running smoothly. There is nothing to do but loaf around all week, but if you could see me perk up quickly when the week-end comes around you would be amazed. Nothing could be better than spending the week end with your boy friend.

Here's hoping that this good weather keeps up. Oh! I forgot to tell you. I'm planning a trip to Boston looking forward to seeing my good old cousins.

'Bye,
Joan Gorzenik

Hi Everybody:

Boy is it fun going out and not going anywhere. Try it some time. What would you do if you had time on your hands and can't do a thing with it? What I mean is that all day I simply hang around loafing.

I think I better go hunting for a job! That's it. Hey! Wait a minute. That wasn't me who just wrote that last statement. Work! Oh, what a word. All kidding aside now. I got myself a wonderful job and it's better than sitting around the house all day, at least I'm getting paid for sitting now.

Phyllis Green

Hi Al,

I haven't been having much fun because I've been working to get a little of that extra money. I've only been getting away on the week ends, but I visited quite a few places and have had some fun.

Hope to see you soon!

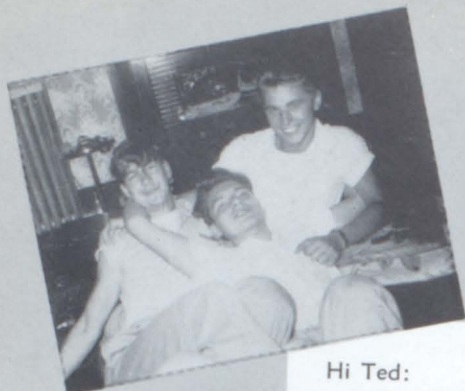

Yours truly,
Ted Gubernat

Hi Kids,

Had a wonderful time this summer. I guess it's because I didn't work. I guess this will be my last summer vacation. I'll sure miss waking up any time of the day and then doing nothing the whole day through. But, all good things must come to an end, and so must this letter.

Your classmate,
Al Gosztyla

Hi Ted:

I enjoyed my vacation very much. I spent part of the summer up in the mountains. I went swimming every day in the lake. I went dancing every week I was up there. I spent one week of the summer in California. Coming back from California I stopped in Texas for another week.

Well, I had a miserable summer. It was very dull to me. I hope you had a better summer.

Yours truly,
Ron Gubala

Hi Everyone:

Well this is one vacation I really enjoyed. I spent three weeks at Seaside Heights, mostly in the water. To wind my vacation up, I plan to go to Buffalo over the Labor Day weekend and get a glimpse of Niagara Falls. I'll be seeing you all soon.

Your Classmate,
Claire Gulinello

Hi Gang:

Boy it certainly feels swell to get away from school for a few months. I haven't gone away yet, since I am working. I've been taking day trips with my family and friends and I enjoyed myself. I'm looking forward to my four-week vacation at Sea Side Park. See you all in September.

Your Classmate,
Lillian Guiliano

Hi Classmates:

I hope all of you enjoyed the summer as much as I did. I've gone swimming and have gone to many different amusement parks over the week ends. I worked most of the time, for I figured I'd need the money during my senior year. School days will be here in a few weeks, so prepare yourself for home work and studying. Be seeing you soon.

Your classmate,
Angela Gulinello

Hi Classmates:

I haven't been doing very much this summer because I work all day. On the weekends I've been swimming and going on day trips. I get my vacation in about two weeks and I plan to do a lot of swimming. I hope everyone has had a nice summer as I know I will when my vacation comes.

Your Classmate,
Betty Lou Gustos

Hi Friends:

I'm still thinking about Florida, the land of the oranges, coconuts, and palm trees. Ah! to be back. I go to Florida every summer, since I have relatives there. But I guess I'll never learn. I pack a whole suitcase of clothes, then live in my bathing suit.

The crazy people you meet in Florida. One guy was Spanish, he was from Havana. He taught me how to talk Spanish, I taught him English.

He's planning to be a doctor, and who knows, I may need one some day. We write to each other now and then. Takes all types to make up a world.

Your Vice President,
Carol Harbich

Hi:

I'm boiling! Why do I have to waste the summer working? I do go out on the week ends, though. Put out the flags—Boy am I dumb, you'll never believe what I did. My boy friend and I went fishing. Everything was fine. But—I lost the anchor to the boat. Don't ask me how, I don't know, it just happened. He blew up, and he's still mad. He called me "Brainless".

Just call me "Brainless",
Helen Hibell

Hi Alex,

I had my license for the whole summer and boy, did I have my fun here.

Took a trip to Pennsylvania to see my cousin in the Marines who's stationed over there.

Most of the summer I spent swimming at Mountain View.

Have to go now, so till the fall, I'll be seeing you.

So long,
Ted Hartman

Hi:

I thought you would be interested in what I'm doing now. Well, I just finished summer school in order to skip a grade at East Side.

In a few days I am taking my family to Chicago in my Pontiac. It will be a pretty long ride, and I think I'll enjoy it. Right now I am going to work. I'll see you in school.

Your friend,
Alex Holenko

Hi Everybody:

I haven't been doing much this summer up to now. I have been working full time so this takes most of my time. I went swimming to the lakes a few times; I also went to stock car races and I enjoyed myself.

My vacation is coming up in a few weeks and I plan to have a good time. Well I guess that's all for now.

Terry Heilmann

Hi Classmates:

I was glad to read of the many experiences of everyone during the summer. My surprise vacation in Wyoming was the best two weeks I ever had, but most of all I enjoy writing to my boyfriend in the Air Force. I am hoping to see each and everyone of you in September.

Your Classmate,
Cynthia Holloway

Hi Everybody:

So far this summer I haven't had much fun. I am working full time. I go swimming at the lake whenever possible. I am going to the Adirondacks for two weeks at the beginning of August. It's a camp for both girls and boys. I hope the rest of you have had as nice a vacation as I've had.

Your classmate,
Thelma Hornbaker

Dear Jackie,

How are you enjoying your vacation? I went to the beach yesterday. I want to get a nice tan, but so far I haven't succeeded. My job takes up most of my time, but I always look forward to the weekends. September will be here before we know it. Have a nice time.

Helen Husar

Hi, Frank:

I haven't been doing much this summer because I have been working pretty steady. I get a chance to have fun only on the weekends, so I usually go to the shore. I don't mind working, because it gives me a little extra money, and you usually need money to have fun.

Well, so long for now. I'll see you in September and I hope you are having a lot of fun.

Al Hricko

Dear Richard,
 So far I have been to the shore quite often, but not to bathe. The reason for this is that I prefer fishing more than swimming. I have gone deep sea fishing a couple of times from Belmar, and I caught a good number. Right now I am at home and getting ready for school. My full time job keeps me busy, and Belmont Ballroom on Saturday and Sunday nights, where they hold big dances. I guess that's all for now, I hope you had a good time so far this summer. Be seeing you, come September, at school.

Yours truly,
 Joseph Januseski

Hello,

I am having lots of fun in summer school taking History 3 and English 7. I went to Jones Beach and had a wonderful time. It's really beautiful there. I also went to Asbury Park and Seaside Heights.

I can't wait to start school in the fall as a senior and to see everyone again.

Connie Jecus

Hi Joan:

How are you enjoying your vacation? I hope you are having a grand time. I am really having a swell summer. I am doing a lot of swimming. Last week some of my friends and I went on a bus ride to Coney Island. Boy! We had a real mad time. It is really a pleasure not having to think about teachers, books, cut slips and the truant officer. I'm making a lot of new friends this summer. I use my father's car and it really helps a lot. I usually enjoy myself when I can escape from my girl friend. Man is she annoying. I went to many places and saw many things that I would like to tell you about but it would take too long. Well, I guess that is all for now. See you in September.

Your Classmate,
 Franky Janusz

Dear Robert:

I am enjoying my summer very much going swimming and doing many other things that I enjoy doing. I went on the Prudential Excursion to Asbury Park on July 23 and had a great time. Well that's all for now. Hope to see you in the fall. I'm looking forward to a nice year with a lot of excitement as the Prom, Senior Rec, and Graduation.

Yours truly,
 Joan Judge

Hi Classmates:
Well here it is August already; our vacation is almost over, and I am enjoying every minute of it.

My boyfriend and I go swimming practically every Saturday and Sunday. Either we go to Sunset Lake or Seaside Heights. Last Friday night we went to the Latin Quarter and we had a swell time.

I am working full time for the summer. I like my job very much; but, I can't wait for school to start again, as I miss all my friends from school. Till I see you all in September, have a nice summer.

Your classmate,
Anna Marie Juliano

Dear Connie:

I'm enjoying my summer very much and hope that you are also.

I was working for a few weeks, but now I'm not. I keep busy writing to my boyfriend, Johnny. He's in the Navy. I went swimming a few times, and I'm going to Point Pleasant the last two weeks in August.

Enjoy yourself the rest of the summer. See you all in Sept.

Jackie Kautter

Hi Bob:

I've been having a swell time this summer. I went to many dances and also to the lake and seashore. Besides that, I've been on the corner pretty steady taking the guy's money in playing cards, and having many laughs.

See you in September and hope you are having a lot of fun, also.

Your friend,
Walter Karbowski

Dear Regina:

OH, what a wonderful summer. I've spent a couple of days in Long Island and they were wonderful. I'M taking advantage of this summer by not working and taking trips. I intend to spend another week in Long Island and plan to learn how to operate a speed boat and go surf board riding. (I probably won't make out at either of them.)

The last week in August will be spent in Wildwood, New Jersey. I really love it there and I can't wait until then. Picnics and dances have also taken up some of my time.

Make the best of this summer, and enjoy yourself. I will see you come September.

Your classmate,
Connie Kempczynski

Hello:

Having a good time. What doing?
Working! Can't wait to get back to
finish school. The summer went fast;
I hope that the school terms go just
as fast. Summer hasn't been too hot,
but I guess it will get hotter when we
get back to school.

Joe Kershaw

Hi!

Well I spent most of my vacation
in summer school, and boy was it hot!
After summer school, went down to
Seaside Heights and enjoyed myself
a lot.

Getting ready to go back to school
again, nothing more to say so see you
then.

So long,
Donald Krystofiak

Hi Gang:

Well, it seems like school ended a
week ago and in a few weeks school will
be here again. I didn't go away this
summer, just took day trips to the
shore. I guess that was better then
none at all. I'll be seeing you soon.

Your classmate,
Florence Kobus

Hi Charlie,

Having a fine time this summer. How
about you? I've been pretty busy with
a part-time job. Even though I go to
summer school, I still have time to
hang on the corners and do nothing. I
have seven more days left of school,
and I passed the first cycle with two B's.
I went down to the shore for a few
week ends and expect to go again in
September.

Well I guess that's about it, Charlie.
Hope to see you soon.

Your Buddy,
Marty Kwiatkowski

Hi Marty,

Hope you are having a wonderful
time this summer. I attend at least
three dances a week. I am working
part time and having a wonderful time
spending my pay.

I wish I could have seen you on the
day you got your crew cut.
I hope you are having a wonderful
time, and I'll see you in September.

Your classmate,
Bob Kowalewski

Dear Joseph:

On my vacation this summer I
enjoyed going to the movies and to the
seashore for one week. I kept myself
occupied by going to the Ann Street
playground almost every day, except
Saturday and Sunday. I played basket-
ball, baseball, and table tennis. The
summer days were hot and humid.

During the summer I decided to
lose weight, and I lost about 34 pounds.
My weight was 187 pounds, I now
weigh 154 pounds. My secret for los-
ing weight is to eat two meals a day,
breakfast and dinner with no after
dinner or breakfast snacks. Eat less
candy and cake, more eggs and meat,
and exercise every day about 5 or 10
minutes.

Vacation time is almost over. I will
end my letter now.

Dominick Lambiase

Dear Classmate,
I'm having a good time doing nothing but swimming. I have so much sunburn already that you wouldn't recognize me. Hope you're having a nicer summer than I am. Be careful and take life easy. I miss you all and can't wait to see you again. It's just a chain reaction.

Your classmate,
Kathleen Landi

Dear Classmates,
Summertime is here and soon will be over. I've been taking care of a girl across the street named Linda for the summer. I'm getting darker every day. Just can't wait to be back at school again with my crazy girl friend Hannah, (only kidding Tiny). See you in September, and please be careful in the water.

A pal always,
Marion Landmesser

Hi Everybody!

I'm really enjoying my summer vacation. Since it is the last one I shall have before my graduation, I'm trying to make the most of it. I've been swimming most of the time and I have been enjoying many dates with Gene. Well, when we see each other again, we shall all be Seniors. Good luck to all.

Sincerely,
Sadie Larusso

Hi Pilar,

The summer vacation is almost over. Having a wonderful time. Hope you are enjoying yourself. I went to Seaside Heights. Had a great time! Met a few friends from school there. Well that is about all I can say. So long for now. See you in September.

Your classmate,
Charlie Lasky

Dear Classmate,

I returned from Camp Mensch Mill, Pa., on Saturday where the situation is miserable. The cabins have just the barest essentials, you know, two windows, a door, and four walls. The "John" is out of this world. There isn't a drop of hot water in the whole place. I washed my hair one day and after a few minutes, I just got numb and I couldn't feel water anymore. Of course it wouldn't be normal if there wasn't some messing around such as the cabins being upset and beds put on the tops of the cabins, or the boys throwing the girls' towels in the trees. The girls spent their nights staying awake and throwing stones at the mice running across the rafters.

After spending two weeks in this wilderness, I received a letter from home, saying that my family and I were going to Miami, Florida the week after I return.

This is a vacation? All I do is rush, it will be a vacation in itself to come back to school.

Sincerely,
Elaine Litwitz

Hi Vacationers:

Vacations are sure a lot of fun, at least for me; there are so many things to do and so little time to do them in. I have been working during my vacation this summer, although only two days a week. This has given me enough money to do as I please and enough time to do it in, without having to rely on others for my support.

We have been spending most of our weekends at Gilford Park, which is about a mile from Seaside Heights. Our day consists of rising about six and going hiking, eating about twelve, rowing and crabbing until three, swimming until six and then going home to make ready for the date which will last until early morning hours. This is a day for me. After a week end like that you need a week to rest and get ready for the next week end.

August is almost here, that means almost half our vacation is over. I hope the last half is as much fun as the beginning.

I'll see you in the fall.

Cordially yours,
Margie Long

Hi Gang,

Lucky me, I have been working during my vacation in Woolworth's. My job is selling records, it has been fun knowing the top hits in advance without listening to the various top tune programs.

On off days I have managed many visits to Seaside with Dolores Samatovicz.

One day at Seaside, Dee, Marge, and I were alone in the house with a battered basket of live bluepoint crabs in the kitchen. While in the bedroom loading our cameras, we heard a noise; the three of us went to investigate. We let out a scream, before us were three escaped crabs waving their claws at us. (We are afraid of crabs.) We made attempts with various eating utensils to pick them up, but they only snapped back at us. The largest, being the boldest, made a futile attempt to tear open the screen door; he was let out by the bravest of us barefoot girls. The second crab must have been a male because he decided to see what a girl's bedroom was like; his punishment was a peach basket imprisonment. The third crab sensed our fright, and he stayed curled up in a corner. Mission accomplished, we made a mad dash to our room. No one left the room until the brave fishermen returned and put the crabs back in a basket out in the yard. Have fun until we meet again.

Sincerely yours,
Roberta Long

Hi Arlene,

I was pretty busy this summer; I worked for three hours a day and went swimming afterwards. A bunch of girls went down to the shore for a week end, and we all had a wonderful time. My summer was usually spent in helping clean the house and then going to work.

Sincerely yours,
Phyllis Lowry

Dear 303

I don't know what's so dear about 303, but that's how you start a letter. I am having a good summer, but I wish I could find a job, too much time on my hands. I hope everybody is having a nice summer. I spent the 4th of July weekend at Seaside Heights, with a couple of friends. In spite of a few bad days, we had a good time. I sure wish Pilar would have sent us wrinkle proof paper, so my penmanship would shine. (that's a laugh.) I hope all the guys are saving some money for the prom, that time will be around sooner than we think. Well I guess I'll see you all in September, if I don't see some of you during the summer.

So long for now,
Norman Madsen

Dear Stan,

I had a wonderful vacation so far. Spent two weeks at the shore and did nothing but fish, swim, and go to the boardwalk to hunt. Some nice chicks down there. You get what I mean? Well, I guess that's all for now so I'll be seeing you in September. Hope your having a good time.

Your Pal,
Richard Lord

Dear Classmates:

Having a wonderful time. I am really taking a vacation this year, by not working. During the week I help with the housework. In my spare time I either play ping pong, volleyball or many other sports with my friends. Boy, you can get sweated up playing these games.

My summer is also filled with picnics, dancing, swimming, row boating, etc.

I'll never forget the time we went row boating at Surprise Lake. Our boat almost capsized. On one of the boats an oar broke in two and we had to bring the boat in. Everyone at the Lake was watching us. One of the fellows fell in and someone thought he was swimming, (no swimming allowed of course). The fellow who fell in had his wallet in his pocket, and his money was so wet that it stuck together.

Be seeing you in another month or so in our old homeroom.

Your classmate,
Regina Mahoney

Hi John:

This year's vacation seems to be passing faster than all the others before it. I didn't work this summer, so during the week I went to various lakes. I didn't get a chance to go to the shore as much as I expected. So far, I only went four times. Usually on the week ends I'd go to Dover or Garfield for some dancing. When the money didn't hold out, you'd probably see me on the corner with the guys playing cards, playing some ball, or just shouting. I hope your summer has been as enjoyable as mine. See you back in school.

Stan Majewski

Hello:

I had a nice summer. I went swimming down at Asbury Park and to a few lakes. I can't wait to get out of school so I can take my trip to Florida. See you all soon.

Rose Marie Martone

Hi!

I guess I received the letter a little late, and the summer is over. There is only one thing about the summer I enjoyed, going to White Rock Lake with the crew. Man! What a crazy time. I enjoyed only Sunday because the rest of the week was one thing everybody hates "Work".

Carmen Marzella

Hi Everybody:

Gee I'm having a swell summer, even though I am working. I'm still trying to make my first million and I'm still on the lookout for that tall, dark, and handsome boy that is to escort me to my prom.

I'm looking forward to seeing you all in September. I certainly enjoyed my summer going swimming at Seaside and Palisades.

Sincerely,
Rose Marie Maker

Dear Jo:

During the summer months I had a wonderful time, even though I did work part time. On the 4th of July, six girls and boys went with me to my cousin's house in Orange. We had a barbecue in the back yard. Afterwards, we went for a swim and then a walk in the park. I went to different beaches, and on a couple of hay rides where I met a lot of new boys.

Sincerely yours,
Thelma McCall

Dear Friends:

I hope everyone is having a nicer time than I! I haven't seen the sun any place except in my backyard; that is, when it isn't raining.

Be seeing you in September. Enjoy your vacation.

Dolores Martinez

Dear Vito:

During the early part of the summer I went swimming every Sunday. After all interest in swimming, I lost to the ball games instead. All and all I enjoyed the summer very much and am looking forward to next summer and more fun.

John McCrea

Hi Frank:

I was not in 11A last term, so I haven't any idea what this letter is supposed to be about. All I can say is good luck during your 12B and 12A term, and also after graduation.

Your friend,
Robert McEvoy

P. S. After I wrote this letter they explained to me what I should have written to you about. Well, I have had an enjoyable summer. I spent two weeks at Seaside Heights. I also went on a couple of bus rides, one to Rockaway, Coney Island, and to Rye Beach.

Dear Classmate:

During my summer vacation I worked in the Prudential. One morning in work one of the girls told me my slip was showing. I went to pull it up and was I never so embarrassed in all my life. Instead of pulling up my pajamas, I pulled down the top of my pajamas.

Some advice to the girls: before you leave the house in the morning make sure your pajamas are on the bed and not on you.

See you all next term.

Your Classmate,
Josephine McHardy

Dear Classmates:

My vacation so far has been wonderful. I've been swimming almost every weekend. I only have time to go swimming over the weekend, as I'm working during the week trying to get the money for dues and other things I'll need when school starts in September. I guess I'll close now hoping everybody will have a safe and nice summer.

Pat McLoughlin

Dear Classmates:

I started the summer off with a 17-day trip to Miami Beach, Florida. I left Newark three days after school closed, and my friend and I started our trip. We took the train down. It was a twenty-five hour journey, but the time went by fast. When we arrived in Miami, we took a cab and went to Miami Beach where we had made our reservations in one of the most exclusive hotels. We were well greeted and made very comfortable. The second day there, we rented a Cadillac convertible which we kept during our stay there. We toured all of Miami, Miami Beach, and all of the near-by towns. The best trip of all was a very long and beautiful trip through the swamps and the Keys. We, of course, went swimming in our private beach and pool and got a very good tan. We also took three boat tours, one along the richest homes, one jungle cruise, and one with a deep sea diver who went down and brought up beautiful shells. We visited a snake tour, where I actually picked up snakes with my bare hands for the first time in my life (nothing to it.) We went aboard the Turkish ship which was docked there. We ate well and enjoyed ourselves very much. We also took in some of the best night clubs and saw some of the famous personalities which we enjoyed also.

All I can say now is that in all my life I have never seen anything as beautiful as all the scenery in Miami. P. S. I'm looking forward to a trip to Canada before the summer is over and also hope all my classmates enjoy their summer vacation.

Very truly yours,
Valentine Melinis

Hi, Classmates,
What a summer, no work and all play. Either swimming or fishing kept me busy all day. Sure am glad to be going back to school soon. Because of the prom, and graduation in June. Hope you're in one or two classes of mine. Till school starts again hope you enjoy yourself fine.

Yours truly,
Vito Mennella

Hi Pilar,
Well, summer is about half over, and I am really enjoying it. I haven't done very much, except going to the movies and swimming.
Tomorrow, I am going swimming at Seaside Heights with my girl friend and her family. I expect to have a very nice time because all my friends will be there.

Well, I guess I'll close the letter because I can't think of anything else to say. I hope the rest of the summer will be very enjoyable for you.

Yours truly,
Florence Menza

Dear Classmates:

So far my vacation is working out pretty good. The only trouble is the rainy weather. We went swimming a couple of times, and we sure are dark. I'm waiting for another nice, warm day so we can go swimming again.
I sleep until about 10 o'clock each morning and I'm sure getting spoiled. When school starts I won't be able to get up. My stomach keeps growling for breakfast, so I'll close saying I hope you are all having as nice a time as I'm having this summer.

Florence Mirandi

Hi:

Well, like all teenagers just out of school for the summer, I started looking for a job, and like most of them I didn't succeed. Having a little knowledge of postage stamps, I decided to start a mail order business. During July I built up stocks and with advice from professional dealers, I was ready to start in business. I put advertisements in leading stamp magazines in search of customers. Well, I don't know if I'm going to make out, as the advertisement doesn't come out until August.

Richard Micchelli

Dear Doris:

I hope you are enjoying your summer vacation as much as I am. I spent one week in Seaside Heights and another in Manasquan. The ocean and the weather were beautiful. We often take day trips there and also to Point Pleasant and Long Branch. My girlfriends and I often go swimming at Olympic Park also.

Sometimes on Thursday nights we go to the dances at Riverbank Park. Afterwards we have big ice cream sundae at the Dairy Queen.

Baby sitting often fills my afternoons, but I don't mind it since it gives me spending money, because I don't have a job.

Well, Doris, that about takes care of my summer. Soon we'll be back in school again. So until I see you, I hope you have a very enjoyable summer.

Cordially yours,
Arlene Mortellito

Ahoy There!

I just returned from an overnight trip to Keansburg in my yacht, the "Little John." Having no other place to sleep, we spent the night in the boat, which is only 14 feet long. The next morning my friend and I couldn't get up because we were so cramped up. Everyone there thought we were crazy coming from Newark by boat.

By the way, if anyone intends to spend the summer down the shore, visit our rooming house at 302 1/2 Sixth Ave., Asbury Park.

Your classmate,
John Mierta

Dear Classmates:

I spent the first week of my vacation down at Rutgers attending Jersey Boys' State. I learned a lot about politics and heard many important speakers, including the governor and the president of the University. I also had time to play ball and enjoy the fine pool. I have been swimming at Pequannock and Lake Hopatcong and hope to get around to a few more lakes. Also, I have a date to go deep sea fishing next week.

Here's hoping you have a fine and profitable vacation.

Yours 'til the fall,
Glenn Mortimer

Dear Philomena:

I am writing this letter in July. I just came home from Mountainview Lake with my friends. We all had such a good time that we are all knocked out. I am red as a beet. I know I'm going to suffer from the sunburn, but I don't care because I had a wonderful time. I took pictures which I hope turn out good. My friends and I ate all the food which we brought along with us. We all enjoyed ourselves in the water because it was very warm. Everyone was ducking each other and getting all excited.

I will never forget that day because I had lots of fun with all my friends.

Doris Notte

Eddie

Had a wonderful vacation. Went for two weeks' vacation at the shore, and enjoyed plenty of fishing and swimming. We rented a fishing boat and got caught in a storm. Had a pretty hard job getting back to shore and when we were coming in almost got lost.

Hope you've had a nice summer.

John Murray

Dear Phyllis:

I really worked all summer! I didn't have much time for myself, but I did have fun with my friends and my boy friend. We went swimming most of the time in a lake. (I enjoyed my summer even if I did work.) When I got this letter I was just going out, so I put it aside and couldn't wait to get home to answer it.

Your classmate,
Kay O'Malley

Dear Classmates:

This summer I am staying at my grandmother's. Usually every summer I stay at one of my relatives.

Every day we let ducks in the yard, and they eat the daisies or trample the flowers. The yard is one sight. I am a good gardener; I don't know the weeds from the flowers. I haven't gone swimming much this summer.

I hope you are all having a swell vacation and a safe one.

Sincerely,
Barbara Ossovicki

Dear Friends:

Well, this is one of the most boring summers I have had in the past few years. I am spending this summer working in the city.

During the first few weeks I have been working every weekday and going swimming on Sundays at Olympic Park Pool or at Seaside Heights.

Well, I guess I'll close for now and go back to a lovely vacation. See you in the fall.

Your classmate,
Andrew Nogueira

Hi Dot,
Don't have very much to say because my letter is just about the same as the others, except I'm not going to Florida. Instead, I am going back to the Florida writer because my vacation ends Sunday. I guess you're back from the shore now. Did you have a nice time? I hope so. We went home right after I saw you. It was a terrible ride back, but we did all right.
I'm going to Pennsylvania for the week end with my family and boy friend; he is also on vacation. Then we both go back to work Monday.
Well, I guess this is enough information so I'll close because I don't have any more to say. Enjoy the rest of your vacation.

Your classmate,
Elaine Paczkowski

Hi,
I just got back from Penna. I was there for three days with friends. That's about the only holiday I'll have until the last week in August, when I intend to go to Canada with Botch-a-ga-loops. Right now I'm working in a body shop (automobile bodies) trying to earn some of Abe Lincoln's pictures. I guess everybody is, and I hope you're having better luck than me.

Robert Panila

Dear Classmate:
Having a gorgeous time. The water down Asbury Park is the best. Wish you all could be enjoying it with me. Can't wait to see all my friends again. After this swell vacation it's back to work and then school again to that famous routine for our last year at East Side.

Marie Pagano

Hi Everybody:
All I can say, is that I thought this letter would never get to me. The whole summer is shot. Everyone before me seems to have had a swell time, no kicks. Wish I could say the same for me. I'm bored! I wish school would open just to break the monotony (Don't take me too seriously).
Summer vacations are for fun, right? How come nobody clues mothers on this point. They sure can find more things for you to do. Going back to school will be a vacation.

Nothing's really new, I'm still single. Oh! I almost forgot. My dear friends, let me inform you there's another woman on the road. Who? Me of course. I sure enjoy jeering around. All I need is a license and a car. I've spent more money on permits, it's driving me broke. I'll be beeping you.

Phyllis Paul

Dear Valentine,
The summer got off to a slow start for me. Up until the 4th of July there wasn't much to do with all the time I had.

My father started his vacation on the 4th of July and then we took off to our house in Ortley Beach, New Jersey. It's a small vacation spot about one mile from Seaside Heights. We had two weeks of fun and sunshine.

I was offered a job out there for the summer and I took it. I worked during the day at Seaside.

I hope everyone is having a good time too.

Yours truly,
Joseph Paglia

Dear Hazel Lee,
Today two surprising things happened to me. I went swimming at Watchung Lake and to my surprise I met my best friend Franky. We had a wonderful time together playing ball, and sliding down the sliding board into the water. Of course, this was my first surprise. I came home about 7 o'clock and received another surprise. Frank Jr., my boy friend, after not speaking for five months, approached me. I was very surprised because he is, as well as I, very stubborn. We are back together again and everything is fine with us.

Philomena Palumbo

Hi:

I had a very interesting and enjoyable time in Central High this summer. I also had to work hard in Bam's. Although it was study and work for me this summer, I still had fun. Be seeing you soon, I hope.

Yours truly,
Frank Peda

Dear Classmates:

This summer I went to summer school. It wasn't too bad because I went to Seaside Heights every week end, and I also rented a house for five days. It was Paul and I who went down. We had a good summer even though we went to summer school. See you all in September.

Sal Petti

Hello!

I spent a few days at Seaside Heights and played a few club dates with an orchestra. One of our jobs was in a hotel at Long Branch. Boy! what a crazy time we had, especially swimming at 2 o'clock in the morning.

Ed Pepek

Hi:

All I can say is that I did an awful lot of crabbing this summer. Wait, don't get me wrong. Don't take it up the wrong way. I mean crabbing on a boat with a string. You know what I mean. I hope you do because I can't think of an easier way to explain it. Guess what! I think the crabs got together to have a meeting, because do you want to know something, they weren't biting. Funny thing! Huh!

To settle all this argument about crabbing I've decided to stick to good old-fashioned swimming.

Conrad Pfeifer

Hi Robert:

Well I guess I have to start the chain and it's up to the rest of you to keep it going.

There isn't much to tell about my vacation because I didn't have one yet. I'm still loafing around. I hope to be leaving soon for my uncle's place at Long Branch. Well I guess because I didn't leave for my vacation yet and I'm first to start this letter I haven't much to say, so I'll have to say so long.

George Peppe

Hi Dave,

So far, during this summer, I haven't gone away for a long period of time. I've been taking day trips to the shore and lakes with both my friends and parents. I expect to go to Wildwood next week end. They say it's nice out there and I'll find out if it is, soon enough.

I haven't got much of a sun tan so far because every time I went swimming or fishing it started to rain. My birthday is in August and I hope to get a car of my own. If I do, I'll be going down the shore in my car instead of some else's.

Well, I guess that's all for now. Until I see you in school, have a pleasant summer.

Your pal,
Bob Pivola

Dear Dorothy:

I really enjoyed my vacation this summer. I got a big surprise when I went by car to Niagara Falls, Canada. It was a very long ride. I enjoyed having rock fights below the falls. I spent three days there at a hotel in Montreal, Canada.

Hazél Lee Peterson

Hi Pilar:

I enjoyed my summer vacation very much. I took several trips down to the seashore basking in the sun and enjoying every minute of it. I went to Virginia and took in all the sights. On our way to Virginia, we stopped at Washington, D. C. I visited the many places of interest that could be seen. For me I think the summer vacation was too short. I also had loads of fun horse back riding.

A classmate,
Bob Plis

Dear Irene,

Did you enjoy your vacation? I had a wonderful summer. My parents, a few relatives, and my girl friend, Joan, went down to Manasquan for two weeks. I met a few friends of mine down there, and we went swimming and hunting in the pine dunes. My boy friend came down and he stayed over night. My mother was glad to see him for once, because he went fishing and caught a few fish for her. I hope you had as much fun as I did.

Love,
Terry Przychok

Hello!

I just returned from a two week vacation down the shore (Seaside Heights). I had a grand time. The weather was fine, the water warm, and the girls wonderful. I am hoping to go back in August for a few more weeks. Aside from going down the shore I can see this is going to be a pretty dull summer. There's nothing more I can say because I haven't been doing very much. So I'll make like an artist and draw this letter to a close. I hope you all have a very nice summer. I'll see you in September.

Till then,
Val Pures

Hi There:

Here it is a beautiful summer and how am I spending it? Where I've always wanted to; in Central. I don't feel so bad though, because I see a lot of my school chums here too. I guess I'm better off in school since I still haven't found a part-time job.

A classmate,
Guy Rainone

Hi, There,

It's been a wonderful summer so far. I just got back from a wonderful vacation at Cape Cod. The fishing was great and the weather was perfect. Well, I'll be going back to school in a few weeks. Just think, I'll be a senior. The last three years at East Side passed so fast. It makes you stop and think. I can hardly wait 'til I get back to school for all the wonderful events that occur in the senior year. I'm planning to go swimming today, so I'll close this letter by saying I hope all my schoolmates are in the best of health and will see you all in September.

Joseph Raposo Jr.

Hi Everybody:

I had a lovely summer. I was in the shade most of the time talking with a friend I met. Yes, you should try going to summer school sometime. I had my eye on a pretty girl who is an East Side twirler, and I just couldn't wait until the football season started. Now I am going with the girl I had my eye on to the Prom. Pretty good, huh?

A friend,
Anthony Ravo

Hi Jean!

Well, it seems I returned from my vacation just in time. Spent two weeks in Seaside Heights and had a glorious time. The water was just tops and so was the weather. Quite a few East Siders were there. I also met Elaine and her boy friend. I hear quite a few of our classmates are going to Florida this summer. Well, one of these days we all might be able to make it down there. Sure hope so. Starting Monday back to work for me and no vacation again 'til next year. Have to pound away on the typewriter another year I guess. Hope you also had a nice month, and enjoy the rest of your vacation! Nothing more to say, so if I don't see you this summer will see you in September.

Your classmate,
Dot Rojek

Dear Laverne:

I am having a wonderful summer. I have just returned from a two-week vacation at the Pocono Mountains. They have many different activities for enjoyment. I am sure you will enjoy your next vacation if you take a trip to the Poconos.

Yours truly,
Irene Rojewski

Hi Joan:

Enjoyed my summer a real whole lot;
Spent two weeks in Seaside where it's awfully hot,
Had fun swimming, and met new friends too,
'Bye 'til the fall, when I'll be seeing you.*

As ever,
Laverne Russell

Hi Ivy:

I just got back from my vacation at Seaside Heights. Being down there for the whole month of July was wonderful. I was on the beach taking in the sun almost every day. That's why I'm as brown as an Indian. I think I must have drunk half of the ocean. Once, Marjorie and Roberta Long, and I went swimming after a storm. We couldn't wait to get in the water, so we dumped our belongings on the beach and made a bee line for the water. What a surprise we got. The water was freezing, and to make matters worse, there were dead jelly fish floating all over. As the waves came in, they brought all the slimy things. There were so many of them, but the tide was low so we could walk out pretty far. After we got out a ways it wasn't too bad. It was terrible with those things floating in the water and brushing up against us. We got out of the water and decided to take a sun bath instead. Some people were actually picking those horrible things up and playing with them. Not me!! I could find another way to spend my time. I've been returning to the shore every week end and have been really enjoying this summer. I've seen many East Side students at Seaside Heights boardwalk. Well, so long for now. Be seeing you soon.

Dolores Samatovicz

Hi!

I've been at Long Branch about a month, and everything out here is just right.

I think it's great, but the thing I like best is walking the boardwalk at night.

Al Rossi

Dear Marie,

This summer has passed, but I will always remember it. I worked full time for the first time. On week ends, I went swimming with my steady beau "Joe". I always seem to enjoy myself. I went down the shore for a week, Joe of course was with me, and my family went also. We had beautiful weather so we all took advantage of it. I had a wonderful time this summer and I hope you enjoyed yourself as much as I did.

Dorothy Rubas

Dear Classmate:
 Having a scrumptuous summer. I always say, there's nothing to pass the summer away with better than summer school. It's much better at dear East Side though. Have fun, but be careful.

A fellow classmate,
 Mary Scanlon

Dear Pilar:

My summer was very well spent. I had a week's vacation in Florida with my grandmother. While visiting there, I had a chance to see some very lovely scenery; not to mention the good time I had at the beaches there. I almost hated to come back to the noisy city. Nevertheless, I've had a good time here at home. I've been to Belmar Beach and also to Rockaway. I had good times in both places, but I'd much rather be in Florida.

Well, I'll be seeing you soon.

Your classmate,
 Ivie Scott

Dear Mabel:

This past summer I had the chance to visit all the seashore in New Jersey. It was a wonderful experience, and one which I enjoyed very much.

For two weeks I spent my vacation at Asbury Park taking in the sun and acquiring a nice tan. It enabled me to make new friends; one of which I am corresponding with now. I also joined a wonderful entertainer's Fan Club. Fishing, crabbing and swimming were my main activities this summer. This past summer has been the best for me.

Helen Schmidt

Hi,

Working very hard. I took a three day vacation to Pa. with my friends. I am taking week end trips to the shore. I am also planning to take a vacation to Canada with the Botch-a-ga-loops.

Arnold Senatore

Hi kids:

These last two weeks were simply devastating. I spent the last two weeks at camp mostly loafing, swimming, and canoeing. But most of all I enjoyed Sunday, "Visiting Day". That's when all the girls poured into the camp like a flock of young chicks.

Hey! Don't go away yet. My vacation isn't over yet. I plan to spend three more weeks in Florida. I'm really loaded. What are you going to do when you've got the money? After my three weeks are over, I think I'll take it easy for a while and loaf away the rest of the summer.

Dave Schnegelberger

Dear Marlene,

I enjoyed my summer vacation very much. I went to Manasquan for two weeks with Terry and we had a wonderful time. I also went to Ideal Beach for a week where I had a nice time. Terry's hope you enjoyed your vacation. Manasquan four cousins were down in Manasquan with us, and how we longed for peace and quiet. If we got peace and quiet for fifteen minutes, we were lucky! We finally solved the problem by going to our room when we wanted to read or write, and put a sign on the door "Enter at your own risk." This, I am happy to say, worked!!

Your Classmate,
 Joan Smith

Dear Friend:

The only fun I had so far this summer, was when I spent two weeks in Long Branch. I had a wonderful time and I hope everyone else is having the same.

See you in September.

Betty Schultz

Dear Jacqueline:

Right now I am in bed with a bad burn. I felt pretty low lying here with nothing to do; but just a couple minutes ago my mother came to the rescue. She brought up the mail, and among them was this letter. It cheered me up a little for I had something to do and think about.

I've had a wonderful summer. I went swimming, dancing, played miniature golf, and on top of that, I worked. I guess if I could live this summer over again, I would gladly do it. Here's hoping you had a nice summer and will be seeing you in September.

Mildred Soltys

Dear Classmate:
When school was out, I went to work at a cleaner's, which I enjoyed very much. Some of the people I worked with were young and some old. It was to me, enjoyable and exciting. I worked for about a month and a half. Now I am not doing anything but taking it easy, going to church, going to parks, and having lots of fun with my boy friend. Hope to see you in September.

Your classmate,
Gloria Starks

Dear Classmates:

I hope everyone had an enjoyable vacation like I did. I went swimming quite often in the nearby lakes and pools, and got more than my share of the sun's rays on one occasion.

In late July, my cousin Jeri, her boy friend Kenny, and I spent a week end at my aunt's house in Chester, Pennsylvania. We traveled in Kenny's "brand new" \$45 Buick; consequently, we were afraid to exceed 35 miles per hour for fear it would fall apart!

In August I spent a terrific week at Ortley Beach with ten of my friends from Bloomfield High School. The weather was gorgeous and the girls were even better. I don't think there's a life-guard flag left on the beach all the way to Seaside Heights, as a result from our stay there—souvenirs you know.

I also broke down this summer and found a job at Bamberger's to earn some extra money to help pay some of my expenses during the coming money-hungry Senior year.

I'll be looking forward to seeing everyone again in the fall.

Your classmate,
Ed Sowinski

Dear Barbara,

It seems, now that school is out, everybody is getting sick. When Mildred wrote, she said she was in bed with a bad sunburn. I was also in bed for two days. I had a pretty bad toothache, but it doesn't bother me anymore.

As yet, I haven't gone on my vacation, but I intend to go on it the last week in July and the first week in August. I have gone swimming many times, and I went to Olympic Park yesterday.

I am working in the Community Chest office on Broad Street, and although I don't get paid, I enjoy the work.

I don't know what's happening to this older generation. Everyone of my friends are either getting married or going in the service. I hope this disease isn't contagious. I hope you enjoy your summer vacation. See you soon.

Jaquelin Strachan

Dear Herman:

Most of the summer I was working, but I still had lots of time to loaf. I went to the shore and had lots of fun with some of our classmates. See you in September.

Your pal,
Ed Stalmok

Dear Friends:

I am having fun swimming on week-ends. I am spending most of my summer in Central with the jolly subject of History. I hope you are enjoying your vacation. Be seeing you in September.

Joan Straub

Dear Audrey,

I'm enjoying my summer very much. But right now, I'm still recuperating from the fourth of July week end.

I went to Rockaway with the rest of my family and some friends. My uncle has a cabin cruiser, so the ride was very nice. When we got to the dock, we all started to go ashore. However, one of our friends was having trouble getting off the boat, so I went around the other way. My foot slipped, and I fell in the water, clothes and all. It seems very funny now, but it wasn't then. My father jumped in, thinking I was drowning; but, to his surprise, the water was only four feet deep. I swam to the dock and changed into some dry clothes, which I had brought along.

After that, we went to the beach to go swimming. At four, we came from the beach and went on the rides, which we all enjoyed.

On the return trip, my uncle taught me to drive the boat. Well, I guess you must think that was the end of a perfect day. Believe me, we were nowhere near it. Just as we came near the dock, we ran out of gas. So we started to drift. A man on the dock saw us and came out in his boat to tow us in.

After we had our boat docked, we started to come home by car. About six blocks from the boat house, we got a flat. We started our long hike home. After five blocks, a taxi passed us. We all gave one yell, and the taxi stopped. Finally, we got home.

I guess now you know why I'm still recuperating. I hope you are enjoying your vacation as I am. The next time I'll see you will be in September.

'Bye for now,
Barbara Swyerius

Hi Kids:

Boy! I sure miss school. Not that I really want to be in school, I like it here with nothing to do.

I went to the park Friday and met a group of girls. I guess I have enough names and addresses to make my own telephone directory. I met a girl by the name of Dorothy, and she has those ins and outs in the right places.

If you've been keeping with baseball, you know that the Giants are giving the Dodgers a bit of trouble. I hope the Dodgers win when the season's over.

Say! I've been taking snapshots for the yearbook! I hope you have too.

Yours truly,
John Teague

Hi

What's the latest happening with you? This was one of the most exciting and enjoyable summers for me. I went to Philadelphia for two weeks then I spent two days at Rockaway Beach.

So long,
Mabel Thomas

Hi Bobbie:

How's everything with you? So far a few of the girls have had pajama parties. We certainly had a lot of fun. I've been down the shore for a week and enjoyed myself, for when you're with a character like Noreen Wilson, I guess you can understand. We've gone swimming down the lakes and shore on day trips. We met all kinds of nice people!

Well, I guess I'll see you in September.

So long for now.

Friend always,
Marlene Thomas

Hi Y' all:

Boy, this is the life! So far the weather has been pretty cool. I'm spending part of the vacation at my uncle's cottage, fishing. Yesterday we landed a 29-lb. carp. Boy, that was some job.

I certainly needed this vacation after all the homework. So long for now.

Your Classmate,
Carl Sypniewski

Dear Classmate:

I am having a wonderful time during my summer vacation. I am working three days during the week in the Ironbound Shops. During the other free days, I go swimming, to dances in the park, or spend my leisure time in the Wilson Avenue playground. Most of all I enjoy my summer week ends, for my cousins and I usually go to a summer resort in Dover. I like to dance very much, so you would usually find me on the dance floor. I also spent quite a bit of my time in Belmont Park, in Garfield. I have met many new friends during the summer. I certainly hope that you are enjoying yourself as much as I am. Hope to see you again in September.

Your classmate,
Mary Tomon

Dear Thelma:
Had to go to summer school, didn't enjoy myself one bit;
Thought I'd die of boredom, exciting isn't it?
I played ball in the Ann Street League and just loafed about.
All I can say is, 'though 'twas fun in East Side, can't wait to get out.
Tony Uzzolino

Dear Classmate:

The summer is going too fast for me and I'm trying to forget it by going swimming. During the Fourth of July week I spent a few days at Seaside Heights with some friends. I plan to go to Canada the first week in September, and that means working. We've had lots of fun crabbing and fishing. Well, I guess I'll see you all in September.

Your Classmate,
John Uzzolino

Dear Eileen:

Everyday I've been going to the mail box looking for this chain letter, and at last it finally came!

Boy! my summer was really crazy and mixed up. Every time I buy a bathing suit it always rips where it never should. I'll never forget how embarrassed I was when I ripped my suit at the lake. Andy and I were sitting on the raft; and, when I got up, it got caught on a nail. If you only knew how red I got; you never saw a person dive into the water so fast.

On top of that, it was the most beautiful day for swimming you'd ever want. I had no other choice than to wrap a beach towel around my waist and take all the ribbing I got from Andy and the other couple that was with us.

At the end of the day, I was as red as a beet, and all my freckles were out glittering like the stars!
That, Eileen, was just one of the crazy things that happened to me.

Bobbie Trajick

Hi Lois,

Are you enjoying your summer? I hope you are having as much fun as I am. Although I'm working this summer, I'm having most of my fun on week ends. This summer Joe and I went moonlight swimming. We often met Anna Marie and Junior or Terry and Don at Watchung Lake. We also double dated with Audrey and Joe Pitts or Maryann and Jerry. We've been going to Sunset Lake quite often. I know you go to Sunset Lake too, but I guess I must have missed you when you were there.

In spite of all the fun I'm having, I'm looking forward to going back to school as a senior and seeing all my classmates once again. I hope to see you very soon.

A friend always,
Marie Valentino

Dear Elaine,

So far this summer I can't say that I've done much lounging around. I go to work every day except Fridays. On Sundays we sometimes go down to the shore, and most of the time it rains.

My vacation really starts in the ninth of August. That is when my family and I are going down to Florida to visit with my sister. We are traveling by car and will be seeing quite a few famous places, of which I will take pictures. We will return home after Labor Day.

Well I guess I'll sign off now. Hope you will enjoy the rest of your vacation. Will be seeing you again on that gloomy day in September.

Very truly yours,
Frances Vendetti

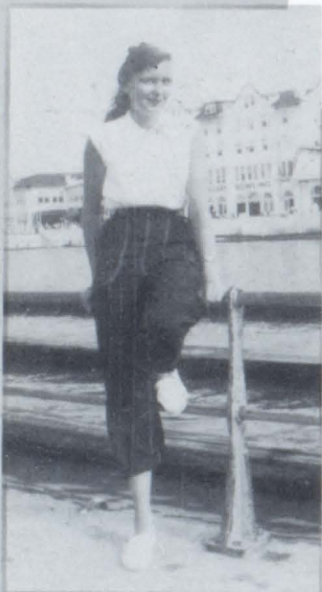

Dear Jerry,

I'm having a nice summer, so far, this year, I usually go swimming with my girl friend dear. I started working in an office, and I like it fine, E'en though it takes a lot of my time.

Hope you had a nice summer too, Until the Fall, I'll be seeing you.

Lois Van Volkom

Had fun swimming at Seaside Heights, I walked on the boardwalk and took in the sights. Hope you had as much fun as I And 'til the fall, I'll just say 'Bye.

Ida Venditti

Dear Mary,

I hope you aren't as bored as I am, because if you are, Well, never mind. The other day I went to the park to break the monotony with a game of softball, and now I can't move a muscle. I've been in bed for two days.

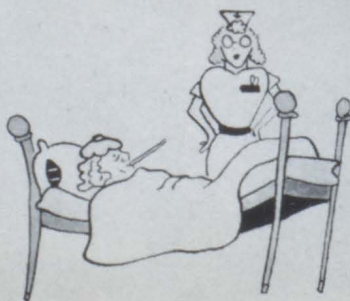

I bet you spent all summer swimming and playing. Ah! If I were young again — (that statement is no reflection on my feelings, in fact, it has nothing to do with the letter, but it fills up a lot of space). Ooops! Almost went to sleep that time, But my duty to Mr. Flamm keeps me awake.

Try to read this letter with a smile on your face. If you do, you'll have nothing to worry about. You will be ready for a Milton Berle audience. By the way, that reminds me of Marilyn and her theme, which you wouldn't be interested in, anyway.

Herman Vilella

Hi Gang,
Having a wonderful summer. I'm really taking life easy. During the week I go to different lakes for swimming. Over the week end my boy friend and I go fishing in Atlantic Highlands, or swimming at Asbury Park. See you all in September.

Your classmate,
Lucille Vecchiarelli

Dear Judy:

Up to now my summer has been pretty nice, but it's going much too fast. I'm driving now, didn't you notice there were less cars on the road? Everyone else gave up their license when I got mine. I can't imagine why?? Actually it's a lot of fun. Mr. Spann did a nice job in my driving course and I remembered everything. Well, almost everything.

I miss school!! Ha! Ha! That's a laugh. Really though, I miss some of the kids.

Well that's it for now. See you soon.

Audrey Walsh

Hi Everybody:

I'm certainly enjoying my summer vacation and I hope you are too. I have just come home from two weeks in the country. I'm taking in as much sun as I can and I look it too. Well, I guess that is all for now.

Your Classmate,
Paul Wentworth

Hi!

This is the life, just bumming around, with nothing to do, but keep cool and sound. September is still a whole month away.

But it will be here soon, in just a day.

So long,
Richard Warchola

Hi:

I've been sittin' here for ten minutes trying to think of su-um funny to say and I can't.

I guess the only funny thing is that I'm working. Some joke huh?

Russell Werntz

Dear Betty:

I have really been enjoying every day of my vacation. So far I have spent more time at Ebbet's Field than I have any other place.

I am really looking forward to spending the last two weeks of my vacation in Detroit with relatives. I hope everyone will enjoy his vacation as much as I am enjoying mine.

I am looking forward to seeing everyone in September.

Patricia Warren

Hello Fran:

I hope your summer vacation is what you intended it to be, and I also hope you are enjoying yourself. At the present moment I am going to school. I am trying to make up English 6, and advance in Geometry 2. The English is easy, but the Geometry is rough. Besides all this the weather is horrid.

Besides going to summer school, I am also working part time. The days that I don't work I go to the pool. It is usually crowded, but who cares about the crowd when the temperature is 102°.

Well, I'll be closing now, and I wish you a prosperous and safe vacation.

Yours truly,
Richard Whitten

Hi Ann:

Well for a change I'll rhyme this letter

Though I don't think it will sound any better.

I had a swell time when I went to the lake.

I got such sunburn, I thought I'd bake. I hope you are enjoying your vacation a lot,

Even though it's kinda muggy and hot. Well for now I guess that's all, So have a nice time, see you in the fall.

Your classmate,
Jean Wolosen

Hi Helen:

This summer I was fortunate enough to take a cross country tour to the state of Washington to spend some time with my mother, whom I had not seen for over a year. Traveling by bus is the most educational tour you can ever experience. This was so because this was my first trip. I suppose the only good thing about a bus trip over this great distance was the beautiful scenery and the excellent opportunity of meeting new people and exchanging ideas.

I had no conception of the large and vast country this United States is, until I had completed this trip. I found myself looking at miles and miles of nature just as far as one could see in any direction.

Upon my arrival in Washington, I found things just about the same as I had left them a year ago.

Among my activities I enjoyed several stage plays, among which was one of my favorites, The Student Prince. I had a reunion with old friends at school functions.

Henry Wright

Hi:

Well Russ, I guess we men aren't very good comedians, although we have a good sense of humor. I guess it's because we're bachelors. We're bachelors you know because we know more about women then married men do, that's why we're bachelors. So let's let the girls get their hands in the pie and see what they can do.

A present to you, Betty.

Artie Young

Hello, Kids:

I hope everybody is on the gay side, right now I'm on the sad side, at least half my fun is over now. There is nothing on my mind but summer school. Only week ends left for an early morning horseback ride. Until September, everybody, try to beat the heat, keep cool and smile.

John Young

Dear Dolores:

After reading all these letters filled with sunburns, accidents, and flat tires I'll leave my accident out.

Most of my summer I spent working. I managed to get out the 4th of July for a swim, and was it wet, rain and all.

I am still trying to get over the shock of passing.

Well seniors, see you in September, and please no more accidents.

Judy Wrubel

Dear Classmates,

So far my vacation has been just wonderful. As soon as school was out I went to Pennsylvania for two weeks. Up there I had the pleasure of meeting new friends and enjoying myself by going to dances and other places.

When I came home from Pennsylvania, I went down to Belmar for a week. The weather was beautiful and the water as calm as it could be. I am going back in just two days and I can't wait.

Even though I'm having such a good time, I do miss school and all my friends. I am anxious to get back because it looks like this is going to be a very exciting year for us.

When school was still going on, I resolved I would get a job as soon as vacation started. So far I haven't even looked.

I'll be seeing you at the beginning of our Senior year.

A friend always,
June Youch

Dear Robert:

This summer was a very busy one, yet quite enjoyable.

I spent a great deal of my summer vacation at the Park Beauty School, where I am training to be a beautician. I also worked for the owner of the school, Mr. Gripaldi, as a receptionist, which I enjoyed very much.

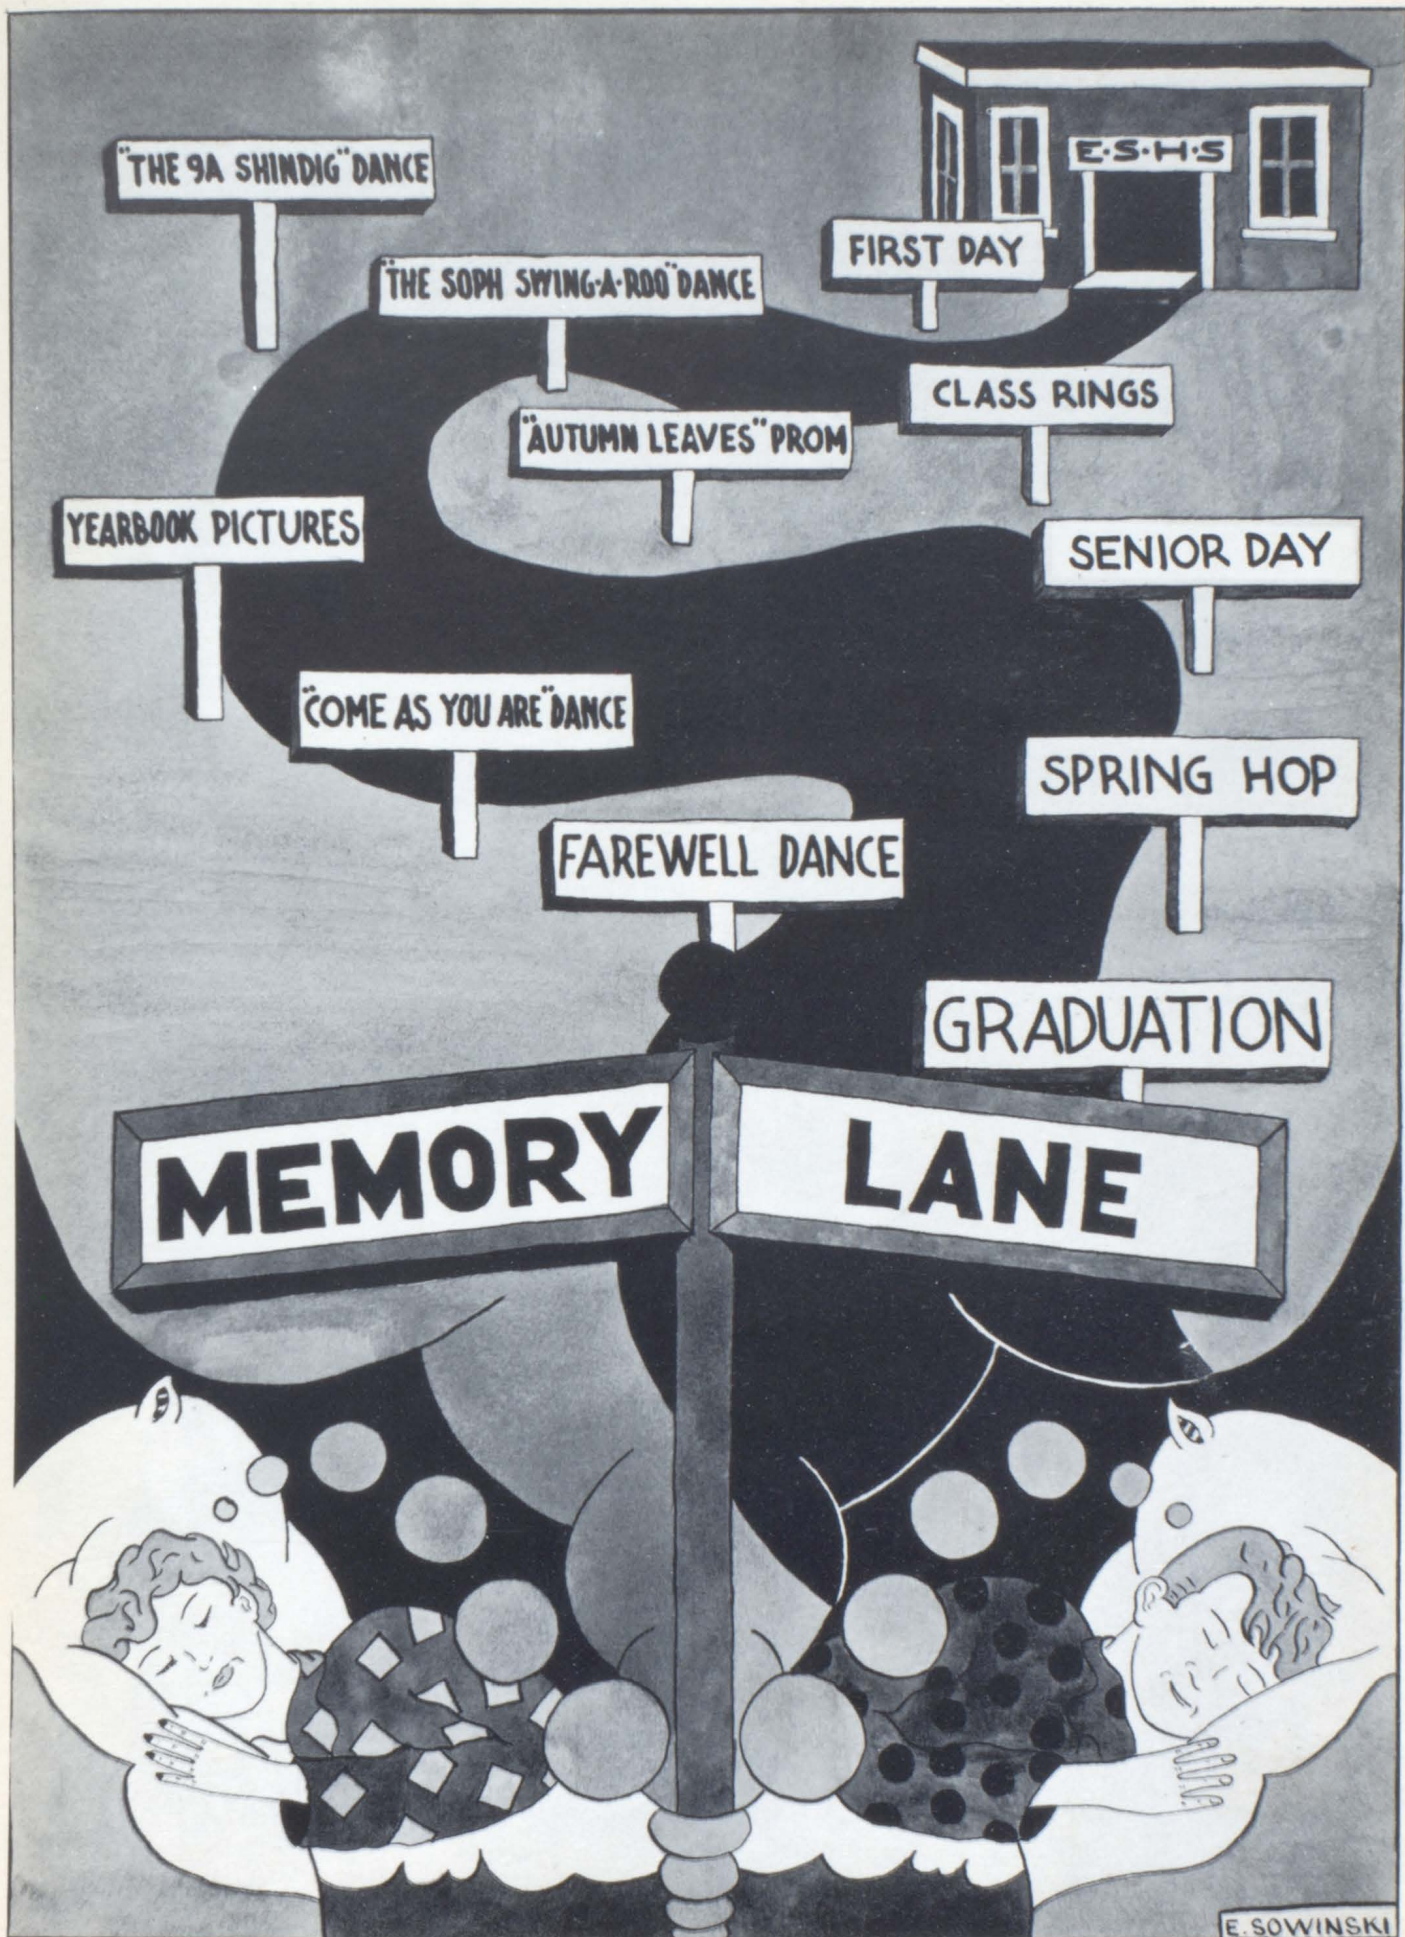

As for my social life, that too was quite a busy arrangement. Outside of the usual swimming and sun bathing, I went to a very exciting place called the "Triple Lake Ranch," where I passed quite a bit of the time horse-back riding and dancing.

Then towards the close of the summer, I met a very nice fellow, whom everyone knows as Lou, and since then I've been seeing him quite often.

Then, of course, the summer ended and back to school to see all my friends and teachers. Well, I guess that's just about it in a nut shell.

Lots of luck,
Eileen Zigmund

Senior Day

December 3, 1954

Senior Day

April 29, 1955

Class History

There's a memory in our hearts filled with the happy thoughts of our past four years, and the wonder of what will happen in the years to come.

September 10, 1951

We'll never forget the first day we entered East Side, which was to be our new home for the next four years. Here was started a new phase in our education. There were new names and faces to remember, some of which we never could learn. We had new home rooms and teachers. The bossy Seniors pushed us around and teased us to death. Just wait until we become Seniors, then everyone will know about us. How different the rooms, the cafeteria, and the gyms were to us compared to what we were so used to in our grammar schools. It seemed so different to us that when the eighth period ended, we were so anxious to get out that we pushed and shoved everyone who got in our way. Then, when we got home, we quickly buried our noses in our books and studied so hard so that we might make a good impression on our teachers! A while later we finally got to know Mr. Flamm, our guidance counselor. Weren't we lucky?

May 16, 1952

This was the first day of our activities, and boy! were we excited! We held our first dance, "The 9A Shindig." We'll never forget it! We had lots of girls and, surprisingly, quite a few good looking boys, who held up the walls so the school wouldn't fall down. We even had talent at our dance. Carol Harbich and Rosalie Benovich did a splendid tap dance called "My Walking Stick." Besides the entertainment there were lots of refreshments too. In spite of having only a few boys there who danced, we had loads of fun. Not much more happened during the rest of the term, but we did give thought to our coming summer vacation and of no more homework, then to return and to find ourselves ready to be Sophomores. Oh! what a relief!

September 24, 1952

Well, the sun finally broke through the fog and we continued on our way. Nothing much happened except the constant call of Mr. Flamm, who expressed the need for dues. To help us out we elected representatives in each home room to keep our accounts clear and to let us know how we were making out. Some of the representatives at this time were Bette Cappuzzo, Anthony Delli Santi, Marie Valentino, and many others. Then we ended the first half of our Sophomore year, only to start on the second half.

May 22, 1953

Finally, another year passed and we ended our Sophomore year. Now, everyone was pretty well acquainted with East Side and its faculty, especially Mr. Fast, Mr. Scott, and Mr. Rosamilia, the best known teachers in East Side. We also had our revenge on the Freshmen and boy, was it fun! By this time, also, everyone again became acquainted with Mr. Flamm who, once more, stressed the need for dues. In order to help, we tried magazine subscriptions, but this didn't work out too well. It seemed we would never make it.

Our second dance came along. It was an afternoon affair called "The Sophomore Swing-a-Roo," and it was a great success. A photography contest was held, and a prize given for the best picture. Although only a few of the boys attended, a few danced every now and then, and everyone had fun. The day was hot and sticky, but that didn't stop anyone from dancing. The band did a very superior job playing the many different numbers, of which the rhumbas and mambos were almost everyone's favorites. We also celebrated the Hubbard twins' birthday while the band accompanied the crowd in singing "Happy Birthday." A day we'll never forget.

September 27, 1953

It's back to school again, and ours was the glory of being upper-classmen. We were all so proud of being Juniors and of looking down at the lower classes that time passed very quickly. Not much happened this term, but our class work and homework became harder and harder, and Mr. Flamm, in the guidance office, helped us to plan our future. And, of course, his constant cry was "How about your dues?" No one really cared very much if his dues were paid up-to-date because we were only interested in being upper-classmen.

Of course, we can't forget mentioning our class rings, those little things we scrimped and saved for. Oh yes, that was the real sign, the sign that we're "upper-classmen." How proud everyone was. We were especially proud because our class was the first one to have new "just like college" rings. Yes, our rings are one of the main remembrances of our high school days.

May 8, 1954

Soon came the second half of our Junior year and we saw a new structure slowly being added to our present building. The new addition would contain a new auditorium and a gymnasium which would be approximately twice the size of the present ones. We were glad to hear about the gym. Everyone, especially the girls, gave a sigh of relief. You could usually hear "Now we'll have bigger and cleaner locker rooms, or 'More room for us fellas to play basketball.'" Well, this was all expected to come true in a short while.

One thing we can't forget is our class elections. After elections came our first real class meeting. At this meeting we met our class officers and discussed class problems, one of which was our prom. After this, many meetings were held and all class problems were cleared away. Another project that got under way was our yearbook. The first project was our chain-letter. A group was organized and names and addresses were looked up and the work was started. Over the summer each one of us received a letter from another classmate and in turn we passed it on until the chain was completed. Then it was returned to the class secretary, Pilar Gonzalez, who was the key to the whole project. We ended our Junior year in a very happy frame of mind with these officers:

Carlo Canestri, President; Carol Harbich, Vice President; Ivie Scott, Treasurer; Pilar Gonzalez, Secretary.

October 14, 1954

Well, we're coming to the end of the road, now. In front of us lie all the activities of our Senior year. For this term our new officers are:

Carlo Canestri, President; Carol Harbich, Vice President; Norman Madsen, Treasurer; Pilar Gonzalez, Secretary.

Yes, we came back to school, and here we found all the confusion of construction workers, bricklayers, painters, plumbers, and electricians. This is where the teachers went mad. But, nevertheless, through all the confusion, East Side finally has its new addition nearly completed, and almost ready for use.

November 12, 1954

Our Prom: something we'll always remember. It was the prom to end all proms. We had 114 couples, one of the best attended proms ever held at our school. The theme of it was "Autumn Leaves." Our tables were decorated with white pompoms and autumn leaves. We dined and danced at the Military Park Hotel to the music of The Tony Ames Quintet. The girls were all dressed in strapless ankle-length or in ballerina-length gowns. The boys all looked like Rock Hudson in black or midnight-blue tuxedos and very sharp haircombs. Contests were held and prizes were given to the best couples. The contests included folk dances, polkas, mambos, and the waltz. The prizes were not expensive, but were little amusing things. After the prom was over everyone left for one of the night clubs in town. For many weeks to come everyone talked and talked about the prom. This was the one night we will never forget.

November 19, 1954

Came the day when our pictures were to be taken. For nearly a whole week the boys wore their best suits, and the girls, dressed in their best school clothes, were continually combing their hair and fixing their make-up. We were glad when the photographer had finished, and when the pictures were delivered, everyone agreed that everyone else was very photogenic.

December 3, 1954

We have now reached the top. It is Senior Day, and we are officially Seniors. We were recognized. Of course, the girls were talking about their clothes for many months, and when the day finally came, there were smart dresses, neat suits, high heels, sharp neckties, sore feet, clicking cameras, and tired boys and girls. After the program, which was prepared for us by the Senior A's, we went to the girls' gym to dance.

Important now is The Torch. Committees have been organized, and work is in progress. We found a room in which to work and we meet there whenever possible. Our yearbook is the final memento of our school days.

February 25, 1955

Came the big dance! Everyone was there. It was a big affair for us, because the new gym was used for the first time. We used the complete gym and, believe me, you still couldn't move where you wanted to. The music was continuous all night. We danced to the beat of East Side's band, and during intermission we danced to records. Many contests were held and prizes given. One thing we'll always remember is the money we made and the fun we all had. Everyone had a wonderful time and thoroughly enjoyed himself. It was a "Come As You Are" dance, and, believe me, the boys actually showed everyone they owned a suit and had come to dance.

April 29, 1955

Our second Senior Day was bigger than the first, and we were hosts to the new Senior B's. The day started out like a flash and ended with a bang! There was an abundance of sore toes as our boys finally let go, and surprisingly enough, the school stood up. We welcomed the 12 B's into our circle, and treated them with kind attention. We dressed in colorful spring frocks and, since this was our last Senior Day, made a day of it.

Our officers for 12 A term were:
Carlo Canestri, President; Rose Marie Martone, Vice President; Norman Madsen, Treasurer; Pilar Gonzalez, Secretary.

May 27, 1955

Today we held our last open dance. This was just an ordinary social get-together for everyone who attended, but for us it meant leaving behind all the fun we shared.

June 10, 1955

The climax of our high school life was our Farewell Dance. We all had a wonderful time and we looked forward to that all-important event that would soon be here.

June 22, 1955

With great solemnity we walked down the aisle for our diplomas. As we accepted this key to Life, we could feel within us the indescribable emotions that gripped our hearts. Through the words of our valedictorian, we expressed our sincere gratitude to all who were part of that great day. Many of us held back the tears of our appreciation for all that had been done for us.

The door has closed, but the four years we have spent here leave us with a wiser and fuller knowledge and appreciation of life. We will treasure the memory of our dear school and all that it stands for. The memories of happy times will linger always in our hearts and the friendships that were cultivated will forever endure.

"Memories, Memories—"

Judith Fluta—I'll always remember the lunch periods and the fun that we had.

Arnold Senatore—The Battle of the Century Neumayer vs Senatore.

George Thomas—I'll never forget all the lovely, but simple, girls in my Accounting 2 class in Room 115.

Angela Gulinello—I remember how nervous I was the time I went to Red Bank and Netcong high schools to demonstrate the stenograph machine for their students.

Cynthia Halloway—I remember going to East Side basketball games and meeting all the sharp cats from Barringer High School.

Charlotte Flemings—What I remember best in my four years at East Side High is going to the football games and meeting boys from the opposing schools.

June Youch—Mr. Jannone's curly hair, Miss Smith's giggles, Mr. Neumayer's beautiful eyes, and Mr. Davis singing "Sally."

Rose Falduti—Separation of our home room during our Senior year.

Mary Foertsch—The 10 minute typing tests in Mrs. Kelly's shorthand and typing class 3.

Geraldine Barlow—Our last term and the construction of East Side's new addition.

Pilar Gonzalez—Working for my Florence Nightingale, Miss Marsh, and all the wonderful boys and girls.

Barbara Swyberius—Learning equations in Mr. Grubel's chemistry class.

Joan Straub—Our summer walks to "Trotalong's" for ice cream, during lunch period.

Maria Fraga—I most remember struggling through Miss Wagoner's English 4 and English 6.

Anna Saveikis—I will always remember Chem lab and the explosions from our experiments.

Edward Stanislawczyk—I will remember the locker rooms after gym classes.

Elaine Litwitz—I'll remember Miss Gronheit's 9B science class when four certain girls always got the same mark—A plus.

Bob Panila—I'll remember Arnie walking around looking for a girl who would go out with him.

John Mierta—What I remember most from my four years at East Side is the 50 times club in Mr. Flamm's geometry classes.

Frank Somodi—The best years of my life.

Carol Harbich—When I think of East Side, I'll always be glad, for I'll never forget the lunch room, and all the fun I had.

Anthony Ravo—I remember the parade of lovely girls going through the halls, mostly a Sophomore.

Guy Rainone—East Side's band trying to finish together.

Arlene Del Corso—The best time I remember during my four years was coming to see Mr. Posner at 8:00 A.M.

Marie Pagano—Rushing to get down from the third floor to beat the odors coming from Chem lab.

Frank Morello—The 2:30 bell.

Norbert Glenfield—The good times I had in band during the 8th period.

Hannah Hubbard—I'll never forget how I talked some of my teachers to death.

Richard Warchola—The free lunches when Mr. Horwitz was running for councilman.

Eileen Zigmund—Looking at the Seniors when I was a Freshman and wishing I was one of them.

Thomas Calello—I remember most my second year of Latin with Mr. Mintz and all the fun we had with him. Insubordinate, and obstructionists, he used to call the students.

Ruth Clark—The thing I remember most is cutting my finger in chemistry lab.

- Gloria Butler—Coming in and going out.
- Robert McEvoy—Mr. Singer saying "good afternoon" whenever I was late.
- Helen Hibell—I'll always remember standing in the long, long line in the cafeteria.
- Helen Husar—The old cafeteria that was so crowded, and we didn't have to wait in line if we saw a friend in front.
- Donald Krystofiak—The thing I remember best is practicing the Charleston for Senior Day.
- Margie Francis—"The Crew."
- Regina Mahoney—I remember best about East Side the good times we had at the football games and the fun during lunch.
- Connie Kemp—The fun we had at Ann Street and my English 7 class.
- Thelma McCall—The fun we had in Mr. Tumin's first period history class.
- Laverne Russell—I remember all the fun we had in New York on Senior Day.
- Phyllis Green—I always remember coming home from New York on Senior Day.
- Alex Holenko—I remember the mouse in the girls' gym.
- Joan Girnius—English 7 with Mr. Williams.
- Gloria Fields—I remember my clay modeling and how all my carefully made statues blew up all the time, and how the bad ones survived.
- John Murray—The thing I remember best is all the fun in machine shop, and learning how to dance in the gym.
- Hazel Lee Peterson—As a Senior B, I remember my eighth period sewing class, the best with Mrs. Papier.
- Robert D'Angelo—The thing I remember best is my struggle with Latin for two years.
- Al Rossi—The thing I remember best about East Side in my four years was the experiments in Chemistry lab.
- Sophie Gienda—Best of all my lunch periods, and chatting with the crowd.
- Kay O'Malley—The best time that I had was going to school dances.
- Tony Delli Santi—My last term as a Senior A, and all those crazy studies.
- Phyllis Lowry—The great times we had during our lunch periods.
- Thelma Hornbaker—Miss Wagoner's English class when I played a witch in Macbeth.
- Joseph Paglia—All the friends I made.
- Mabel Thomas—I remember how hard I thought it would be to graduate, but after several years, it was easy.
- Phyllis Palumbo—My 7th period study down in the Cafeteria with Miss Papier in my Senior B grade.
- Olga Nielsen—Planning to quit school from the day I entered was my goal. I'll be quitting soon, on June 22, 1955. I've made the grade and enjoyed every minute of it. Really I did.
- Phyllis Paul—The first football game.
- Audrey Walsh—"Hey Joe."
- Lillian Guiliano—The wonderful time I had over at Ann Street with the girls.
- Pat McLoughlin—My four years at East Side were all terrific, but I remember most the last two years of catching the last bus to school and running in from Ferry Street to beat the late bell.
- Dolores Martinez—The first six months at Ann Street with all the girls.
- Joan Gorzenik—Eighth period Sales class with Mr. Hecht.
- Mildred Soltys—I remember lugging home all my books and intending to do the home work, which I never did.
- Joan Smith—I'll never forget all the fun I had on Senior Day.
- Joan Adams—The fun we had at the annex in our Freshman B term.
- Jean Wolosen—Trying to beat the 8:25 bell in the morning, and never quite making it.
- Elaine Paczkowski—The football rallies in the auditorium.

- Kathleen Landi—Lunch period was the best, the laughs and worries about tests and teachers.
- Bette Cappuzzo—Trying to get a pass to meet Carmen in the hall.
- Joe Kershaw—Sleeping in Mrs. Eisenberg's physics class.
- Carl Sypniewski—The surprised expression on Mr. Mintz's face when Bobby D'Angelo and I walked into his Latin four class.
- Carlo Canestri—The thing I remember, which was a quarter funny and three quarters sad, was getting suspended for laughing in my study class.
- Glenn Mortimer—The fun in Mrs. De Leon's physics lab.
- Ivie Scott—Borrowing pencils from Anna and Rose.
- Andrew Nogueira—The bomb scare and the wild times in the old auditorium during our lunch periods.
- Walter Karbowski—The fun in 317.
- Ted Gubernat—English 5 with Mr. Williams.
- Joan Judge—Prom night at the Copa with Pilar "hiccup hiccup."
- Conrad Pfeifer—Weird time in Mr. Rosamilia's Geometry class.
- Dolores Samatovicz—Four years on library staff.
- Mary Tomon—Gay time we had the night of the prom at the Copa.
- Rose Cariello—Senior Day, which I enjoyed most, the 12 A dance, and all other senior activities.
- Mary Costello—Senior year, and all wonderful activities including Senior Day, when I had the time of my life in New York.
- Carol Gass—Fun during lunch periods.
- Marianne Bruno—Football games and being a twirler.
- Dolores Fernicola—I will always remember the fun we had in Mr. Kessler's history 2 class.
- Lois Van Volkom—All the fun I had on Senior Day.
- Betty Lou Gustos—Waiting for the end of class to meet that certain some one.
- Doris Notte—The best thing I remember at East Side was my 8th period study class when I was a Junior A.
- Theresa Heilmann—Riding home with the girls and Phil Green.
- Marie Valentino—I remember all the fun I had practicing twirling for football games and parades, and the assemblies to promote the sales of football tickets.
- Jerry Carovillano—Playing in the dance orchestra for our school dances.
- Natalie Brown—The two terms I had English with Mr. Neumayer.
- Mary Bartiromo—Three years with Mr. Scoca in 115.
- Thomas Cetnar—I liked when Mr. Bogatko taught the boys how to dance in gym.
- Anna Marie Juliano—Meeting Junior after class, and working on the Torch Committee.
- Norman Madsen—My classmates electing me to be one of their officers.
- Ben Bryla—The thing I remember most during my four years in East Side is just sitting in the boys' old locker room while the gym was being built.
- Regina Gately—I remember the wonderful time I had in my last half year; the Prom mostly, and Senior Day.
- Judy Wrubel—I remember most, my last term's schedule when I had to climb the stairs like a mountain climber.
- Anthony English—What I will remember most about East Side, will be Mr. Sabold's guitar playing.
- George Peppe—I'll never forget how early the home room period started.
- Al Gosztyla—What I remember most about East Side, were the friendly gatherings outside of home room every day.
- Roberta Long—I remember the bomb scare and everyone rushing to get out of the building.

ATHLETICS

 "TAKE ME OUT TO THE BALLGAME" 

E. SOWINSKI

Athletes

Carlo Canestri

Carlo was on both the football and the baseball teams. As quarterback he earned letters in his sophomore and junior years. On the baseball team he was second basemen, and earned three letters.

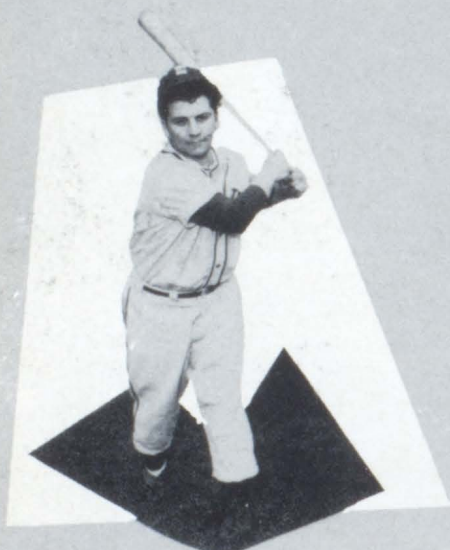

Tom Calello

Tom was captain of the bowling team for three years. He earned three letters and he also earned a trophy in his junior year, when the team captured the city championship. Tom also played on the baseball team during his junior and senior years.

Bob D'Angelo

Bob was first baseman on our baseball team in both his junior and senior years but, although he played well, he did not earn his letter.

Anthony Delli Santi

Bananas was one of our star defensive linemen during his senior year. He also did some fine work at the hot corner on the baseball diamond, his speed and agility being shown at third base in his junior and senior years.

Dominick Giordano

Dom was a promising freshman on the J.V. football squad, but he switched to baseball and was a member of the varsity team in his sophomore and junior years. He was second on the team for runs scored, and number of times on base.

Norbert Glenfield

Bert played J.V. baseball as a sophomore, and managed to improve his game to the point where, as a Senior, he played left field on the varsity.

Ted Gubernat

Ted played end on the football team during his junior and senior years, earning his letter in his senior year. Ted also played baseball during his junior year.

Vito Menella

Vito was one of our cross-country runners in his junior year. The cross-country team, of which he was a member, placed second in the city meet that year.

John Mierta

John starred on both the indoor and outdoor track team in his junior and senior years. He was one of our finest sprinters.

Bob Pivola

Bob was a member of the bowling squad which captured the city championship. He earned his letter and a trophy for his fine work. Bob was also a pitcher on our baseball team in both his sophomore and junior years.

Val Pures

Val played on the baseball team in his sophomore and senior years. During his sophomore year he was brought up from the JV's to strengthen our pitching staff, and although he did not play in many games, he did a fine job. In his senior year he earned his letter while playing center field.

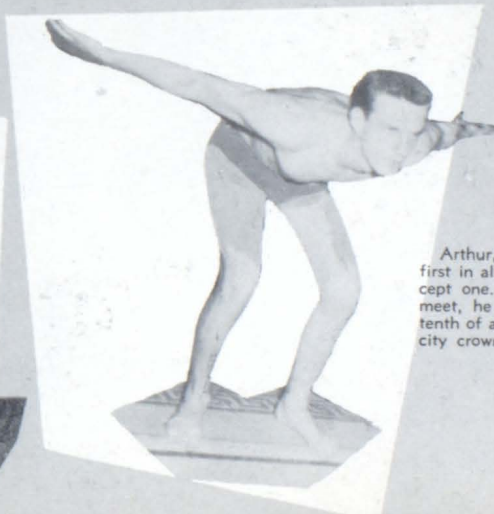

Ed Sowinski

Ed was catcher on our baseball team in both his junior and senior years, but other interests kept him from earning his letter.

Richard Whitten

Richard was a member of the track team for four years, earning his letter each year. He was a swift half-miler whom Mr. Vanderhoof will never forget. And although he is small, his size did not handicap him in his sensational end runs on the football field, and on the football team he received two letters.

Arthur Young

Arthur, our great backstroke, finished first in all of the dual swimming meets, except one. In the 1955 city championship meet, he was nosed out by less than one tenth of a second. In 1954 he captured the city crown for the backstroke.

Swimming Team

1955 City Champs

RICHARD MILLER
Coach

After winning eight of twelve dual events, the swimming team showed its greatest strength by capturing the city championship. The first event was the 40 yard freestyle, in which Louis DeMasi took third place to give us three points. In the 200 yard freestyle, Tom Clark took first place, Robert Kulik came in fourth, and Eddie Murzenski finished fifth to give us a total of nine points for that race. Art Young finished second in the backstroke by less than one-tenth of a second, to give us four more points and a total of sixteen for the first four races.

At the half-way mark we were tied with South Side for first place, and West Side was two points, and Weequahic, three points behind. In the 100 yard freestyle Robert Calabrese came in first and Alan Wald took second which gave us ten more points. In the individual medley, Dave Leary captured fifth place for one more point. Our victory was decisive, for our boys won the last two events, to add twenty points to the total. Art Young, Tom Clark, and Ed Murzenski combined to win the medley relay, and Robert Calabrese, Alan Wald, Louis DeMasi, and Robert Kulik, brought us our last ten points. The final score was: East Side 47, South Side 33, Weequahic 32, West Side 31, Arts High 8, and Central 5.

Squad*

Marianne Bruno

Marianne was one of the better twirlers during her two years on the squad. For her good work she received letters during her junior and senior years.

Jackie Kautter

Jackie, a member of the twirling squad for two years, she earned her letter in both years.

Mabel Thomas

Mabel was on the twirling squad longer than any other girl in her class—three years. For her faithful service, she earned letters in her junior and senior years.

Marie Valentino

Marie was one of our best twirlers in both her junior and senior years. She received letters for the fine job she did on the squad in both years.
